CUE CRC

Hi All,

Another month gone so quickly at the Cue CRC. We've had in excess of 700 tourists through the CRC in July, so it's been a pretty busy month for us.

This month as usual we had the Department of Transport visit the CRC to assist with any transport-related enquiries.

We also had the Centrelink Remote Services Team visit the CRC. The remote services team assists customers with all Centrelink-related enquiries, they can also help with Medicare and Child Support as well as other assistance.

We have a Craft Group every Wednesday for you to come in and do your crafts and have a chat with other like-minded people, so please feel free to come in from 9.00am and enjoy some crafting.

We had our last Cricut Craft Workshop for the year on the 16th July, in which we were supposed to do acrylic keyrings, but the ladies decided to do A4 notebooks.

Our Sunday Markets were another huge hit with Kamryn and Reuben making pancakes and eight market stalls with a good range of products available—from handmade goodies to general bric a brac to fruit from Lorraine at Yarraquin Station. We are continuing to open the CRC on market days.

CHC NEWS

The CHC displays are beginning to generate more donations as visitors see what is needed. Another vintage Garrett metal detector has arrived. It is one of the earliest detectors made for Australian conditions and is the model that famously found the 27kg Hand of Faith nugget in Victoria in 1980. Any other vintage detectors would be most welcome.

There have also been some vintage advertising tins donated dating from 1910. The collection includes some biscuit tins from the UK which were imported to the goldfields. There are also some Australian and Western Australian tins.

In 1847, William Arnott emigrated to Australia from Scotland and began working as a baker. In 1875 Arnott opened his first biscuit factory in Newcastle, NSW. In time, Arnott Mills & Ware operated from a factory in South Fremantle. It closed in 1992.

In 1895, Hugh Plaistowe arrived in Perth from London where he had worked in his father's confectionery business. The forerunner to Plaistowe Confectionery was the Silver Pan Confectionery Company, founded in 1890. In 1911, it became Plaistowe & Co. Ltd. and a new factory in West Perth began operations in 1915. In 1930, apart from biscuits, Plaistowe and Co. Ltd. manufactured over 400 different confections. They were among the early manufacturers of nonpareils, also known as hundreds and thousands – an essential component of that great Australian favourite, fairy bread.

Thank you to those who have donated items to the CHC, it is greatly appreciated.

Election Candidate Information Briefing Webinar

The Western Australian Local Government Association (WALGA) together with the Department of Local Government, Sport and Cultural Industries (DLGSC) and the WA Electoral Commission (WAEC) will host an election candidate information briefing webinar, to inform prospective candidates about the election process, the roles and responsibilities of local government, elected members and the council, together with the role of the DLGSC as the regulator of local government in WA.

The webinar will be held at 6:00pm, on Monday 14 August 2023.

Presenters and topics include:

- **Minister for Local Government David Michael** — the importance of local government in WA.
- **WA Local Government Association President Karen Chappel** — why being a councillor is important in our communities.
- **WAEC WA Electoral Commissioner Robert Kennedy and WAEC Manager Election Events Phil Richards** — the process and key dates on running to become a local government councillor in 2023.
- **WALGA representatives** — the purpose of local government and the role of an elected member.

DLGSC representatives — the role of DLGSC as the regulator of Local Government Act and Regulations and key compliance provision for elected members and candidates, including code of conduct requirements.

As a participant, you will be able to ask questions of the representatives. Representatives will endeavour to answer your questions during the session or via email after. A recording of the webinar will also be available.

To register please visit the [Department of Local Government, Sport and Cultural Industries website](#) and follow the links to the Election Candidate Information Briefing Webinar.

We look forward to your participation on 14 August 2023.

FROM THE CEO

July saw Cue come alive with travellers visiting our town. The warmer weather brought out a good crowd to the Sunday markets held on 30 July 2023. We have received a lot of positive feedback regarding the facilities and how tidy the town is. A big thank you to our Shire depot for their continued efforts in the presentation of our town.

Members of STORMCO (Service To Others Really Matters Company) were in Cue from 3 to 8 July to present their school holiday programs. They hosted a Kid's Club at the Shire Hall from 9.30am to 12.30pm each weekday with activities and snacks provided. They hosted an afternoon with activities and a barbecue to engage with locals. Members also assisted at the Youth Centre every afternoon. The effort put in by this group over many years is outstanding and I thank Rainer and the team for visiting again this year and what must be the last 20 years.

Naidoc Week was celebrated in Cue on Friday 7 July 2023 at the Youth & Community Centre and Town Oval. The highlight of the day was the Colour Chalk run which involved adults and children covering each other in a rainbow of coloured chalk. Other activities included boomerang painting, face painting and a community barbecue which featured some traditional foods being shared. We wish to thank the following sponsors for making this event a memorable one;

- National Indigenous Australians Agency
- Horizon Power
- Westgold Resources Limited
- Shire of Cue

At the Special Meeting of Council held on 3 July 2023, Council set the rate in the dollar for all categories of rateable properties within the Shire. Due to the requirements of the *Local Government Act 1995*, the Differential Rates set must be approved by the Minister for Local Government. Once approval has been granted, the 2023–2024 financial year budget will be finalised for adoption by Council. Rate notices will be sent out shortly after. Council has set the rates in the dollar to create an average of 3% increase across all rate categories.

Dog owners are reminded of their obligations to keep their dogs contained within the boundaries of their property or on a leash while walking. Please be considerate of others as it can be quite confronting to be approached by an unknown dog while out walking. The Shire Ranger visits the area frequently and will take action against unrestrained dogs in public places. This may result in a financial penalty to the owner and potential destruction of offending animals. The only authorised area within the townsite where dogs are permitted to be exercised off-leash is the town oval. It is your responsibility to control and look after your pets.

The Department of Planning, Lands and Heritage conducted education workshops with regards to the now implemented Aboriginal Cultural Heritage Act 2021. The workshops provided an overview of the Act and the implementation of the regulations.

Merger Contracting Pty Ltd have been in Cue for the last couple of weeks conducting asphalt correction repairs to a number of roads and locations within the Shire. Most of the works were focussed on the haulage route on Beringarra-Cue Road and included some repairs to the taxiway and apron at the Cue Aerodrome.

A number of Shire roads are waiting on repairs caused by a rain event. Road users are asked to take care when travelling, particularly at flood crossings. Please drive to the road conditions and observe any traffic directions. Road Condition Reports are available on the Shire of Cue's website cue.wa.gov.au and also our Facebook page.

Anyone interested in a social game of lawn bowls can call Tracy at the Shire Admin on 9963 8600 for more details.

POLICE BEAT

Hello Cue and Visitors.

July has been a quiet month from a policing perspective, little crime to report, which is what should be expected in a small community.

The youth centre is back in operation and doing a great job of providing structured activities for the kids in town.

Tourist season is well underway and I encourage everyone to take care on the roads and tracks. Rainfall has been light this winter, however even a light shower causes runoff and areas to become soft underground. I encourage people who camp around town to check the ground before leaving tracks, a number of campers have become bogged in water logged areas and this can ruin the trip.

At this time of the year, especially with the increase in traffic we are targeting drivers who breach road traffic laws. The priority is those Speeding, Not wearing a seatbelt (This includes children being restrained in child restraints), Drug and Drink Driving and Using a mobile phone when driving (It is now a \$1000 fine and 4 demerits points.)

Mark, Pete and Joe.

WESTGOLD
RESOURCES LIMITED

Working with Westgold

At Westgold we offer more than a job, we offer you a career.
Coming to work each day isn't just about getting the job done.

It's about camaraderie, feeling a sense of achievement, and fulfilling your role within a top ten gold producer that provides employment for hundreds of Western Australians.

We have three operating centres – at Meekatharra, Cue and Fortnum – that provide employment opportunities within the following areas:

- Administration
- Information Technology
- Finance
- Human Resources
- Environment
- Occupational Health and Safety
- Logistics
- Engineering
- Geology
- Processing
- Survey
- Fixed Plant Trades
- Metallurgy

We welcome entry level candidates to our workforce in addition to highly experienced professionals looking to make their mark within a dynamic, growth-oriented Western Australian gold producer.

Diversity and inclusion for employees from all backgrounds is a high priority for us as we strive to be an employer of choice that is committed to upholding workplace equality.

Safety is at the core of everything we do, so we have some pre-employment requirements. You must be able to pass a pre-employment medical assessment that includes drug and alcohol testing.

A C-Class Manual Driver's Licence is also very desirable and you will be asked to submit a National Police Clearance that's been issued in the past 12 months.

If you are a local person who is interested in working with Westgold, we'd love to hear from you.

Supporting local communities

At Westgold, our social investments are weighted towards supporting activities that have broad community support and programs that have the potential for lasting benefit.

Our recent focus has been on supporting school attendance strategies and youth development activities. Since appointing a Westgold Community Relations team last year, we've strengthened our relationships with local service providers, Traditional Owners, schools and community members.

Assessment criteria for social investments

Westgold will consider requests for financial support from:

- The regional communities we work within, and
- Initiatives that have a positive outcome for those communities in the following areas:
 - Education
 - Health
 - Environment
 - Training and employment, and
 - Community events – e.g. Shire festivals, art competitions

CUE SCHOOL

RESILIENCE : RESPECT : RESPONSIBILITY

Last term we had to say goodbye to Mr Air who married his beautiful wife during the holidays and I believe are now expecting a baby. Good bye also to Mrs Pat Tegg who helped us with our reading program and meals - I know the kids will miss their "special breakfasts" and I will miss the waffles. Our other farewells were for Megan Brockman and Rayanne Dongarra - thank you so much for the time you spent with us and our students. This term we welcome back Ms Leith Alexander who enjoyed her time with us so much last year, she asked if she could come back! We are still looking to employ suitable people in a range of vacancies so please contact Neil at the school if you are interested.

Term 2 finished with a visit from Teach Learn Grow (TLG) UWA students who volunteer their time to come to Cue Primary and spend time helping our students with their math. Our students absolutely love these visits and the TLG students tell me they love them too.

Attendance

I am very pleased to say that our attendance rate while consistently building has so far this year reached 83.5% which is considerably higher than schools around us and Cue's highest for over a decade. Last term we had sixteen students out of twenty-eight beat the 2022 state average of 85%. I thank our parents and community for supporting us and yes, we are seeing results in student learning. Particularly reading which is our main focus.

Congratulations

Isla: 100% in her spelling test.

Kamryn & Kelia carrying tens in their subtraction.

Afron showing great improvement in reading!

Maryanna showing great improvement in reading!

Marlyn: Carrying tens in some really big addition.

NAIDOC Day

NAIDOC Day was fantastic day on the 7th July, the children and adults thoroughly enjoyed the day. We had a BBQ where people got to experience kangaroo tail, emu patties, freshly cooked damper and fresh salads.

A big thank you to Horizon Power, West Gold, NIAA and Arcade Rewind for their generous donations and support, that contributed to the boomerang painting, face painting new arcade machines and Nintendo Switch which the children played on the big TV.

The children said the best part of the day was the chalk colour run. The white shirts the children were wearing for the chalk run looked fabulous with the colour all over them.

I would like to say a big thank you to Shire of Cue, Horizon Power, West Gold, NIAA, Arcade Rewind, Elders and all the families who participated and came to support us on NAIDOC Day.

COUNTRY STARGAZING

with Carol Redford and Donna Vanzetti, Astrotourism WA

A Meteor Shower and a Super Blue Moon – August Has It All!

Stargazers have plenty to see this month, starting with the Perseids Meteor Shower! It is generated from comet Swift-Tuttle and renowned for producing bright meteors. The shower peaks on the night of the 12th/13th of August but can be viewed several days either side of the peak. The best views will be under dark skies, after midnight. The further north you are in WA, the better you will see this meteor shower.

Meteor showers occur as planet Earth crosses the orbital path of a comet. As comets pass by the sun, the extreme temperatures heat up the nucleus causing debris particles to spread out creating a comet tail. As Earth passes through this debris cloud, we see the fiery spectacle of a meteor shower.

When to look: From midnight to early morning, 12th/13th August.

Which direction to look: Low on the northern horizon.

At months end we will be treated to a Super Blue Moon! The Moon's orbit around Earth is slightly oval shaped or elliptical. So, every month there's a time when the Moon is at its closest distance to Earth (at perigee) and another time when it is at its furthest distance from Earth (at apogee).

When perigee coincides with the full Moon, it's popularly called a "Supermoon". This 'super' phenomenon will occur on the 31st of August. To add more cosmic excitement to the mix, it will also be a Blue Moon! This is the popular term for a second full Moon in a calendar month. While the Moon won't actually turn blue, it's still worth going out and observing the Moon, as blue moons only occur once every 2 or 3 years!

Does a Supermoon look bigger to the naked eye? Find out at <https://astrotourismwa.com.au/supermoon/>

Enjoy a super month of cosmic viewing!

Keep kids safe and warm this winter

During the chilly months, it's important to keep our families warm while also staying vigilant to the potential dangers of commonly-used heating products. Children are particularly vulnerable to burns and accidents from 'winter warmers' such as hot water bottles, open flames, heaters and loose-fitting sleepwear.

While hot water bottles are a cheap and popular way to fend off the cold, they can cause serious burns if not used correctly. According to Perth Children's Hospital data, eight children presented to its emergency department in the two years from June 2020 to 2022 with injuries relating to hot water bottles. That's why they should only ever be filled with hot tap water (never boiling water) and always covered with a fitted cover or wrap.

Given hot water bottles can deteriorate with age, it's smart to keep an eye on the '[daisy wheel](#)' date marking that shows when the product was made. Better yet, buy a new hot water bottle every year, because even though they might look in good condition on the outside, they could be hiding damage internally.

Multiple children are also admitted to hospital each year with burns sustained from their clothing catching fire, so keep them well away from open heat sources like fireplaces and heaters.

Children's nightwear like pyjamas and dressing gowns must display a fire hazard label, but even nightwear considered a low fire hazard can still be flammable. Earlier this year, a range of [Target Australia kids' pyjamas](#) were recalled for being too loose-fitting on the wearer, meaning they posed a fire risk if exposed to a heat or flame source.

When shopping for kids' clothes, be particularly cautious when buying online or while on holidays, as they may not be subject to Australian mandatory safety standards.

If your child does suffer a burn, the [advice](#) from Kidsafe Australia is to apply cool running water to the injury for 20 minutes. Products like ice, oil or butter should never be placed on a burn and any jewellery or clothing should be removed unless stuck to the skin.

Simple precautions such as checking for [recalls on all products](#), following safety guidelines, and being vigilant about safety can go a long way in protecting your family and home. Find more winter safety tips at www.productsafety.gov.au/wellwinter and learn more about burns prevention at www.kidsafe.com.au
