EDITORS CORNER

Hello Cue Community,

OMG it's so cold in the mornings I wanna stay in bed for more hours, but alas I have to go to work!

Down to business, the Cue CRC is now open, we're back to normal hours of 8.00am to 4.30pm, but please be aware there are still restrictions in place and regulations that we have to adhere to. Hopefully these will ease a bit more so we can do more for the community and have more people in the CRC.

As you enter you'll be asked to fill in a form, this is confidential and when it's filled in it will be filed—no-one will see your private information bar the CRC staff and the health department, if required. This is one of the regulations we need to adhere to.

You may also be asked to use hand sanitiser or wash your hands. Please don't be insulted when we ask this, this is to protect the health of staff and clients. And don't forget the 1.5m Physical Distance rule is still in place.

Although we are open, we have a 20 person regulation in place, so if the doors are locked when you come to the CRC it's because 20 people are already inside and you'll need to wait your turn or come back later.

We are also having trouble with our internet access here, so unfortunately we can't offer any internet services. You can still come in and use the guest computers.

We've started off our year of activities quite late, but due to COVID-19 we had no option. We had a great morning tea here on the 29th May and although it was an intimate gathering everyone that attended seemed to have a good time. We'll be doing bi-weekly morning teas from now on—Monday and Fridays. Monday will be just bikkies and a cuppa, on Friday's will be a surprise dessert option as well as some bikkies. We hope you can join us.

Julie Humphreys
Cue CRC Manager

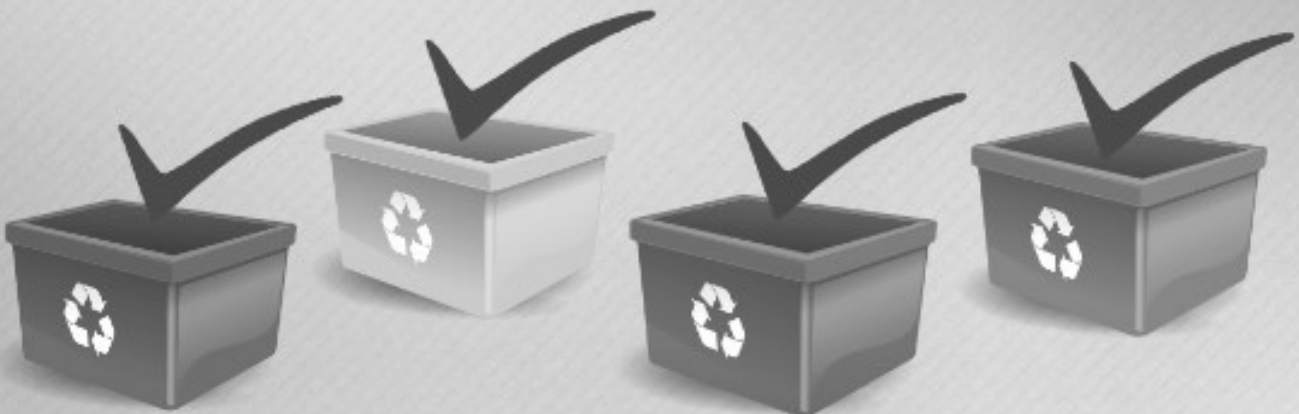

Did you Know?

The Cue CRC recycles ink cartridges.

Just bring your old inks into us and we'll send them off to be recycled.

FROM THE CEO

Rob Madson is currently on leave and spending time to unwind and catch up with family at home in Launceston. Rob is expected back on Monday 15 June.

It was an interesting start to the month with the State in full lockdown and positive signs that restrictions might be easing just starting to emerge. Over the month we have seen the State and the Country control the outbreak and start the process of re-opening the regions and starting the process of returning to some kind of normal.

Here in the Shire of Cue the Shire office is now open to essential business with the photographic display still closed to the public at this stage. As more restrictions ease it is expected that this will open along with parks and playgrounds. The Cue Public Library and Community Resource Centre are open to the public. Please follow physical distancing and hygiene rules in place.

The ordinary meeting of Council that took place on 19 May was held in person in the Council Chambers and it is hoped that future meetings of Council will continue to be held in person as restrictions ease. The next meeting of Council is on the 16 June, to be held in the Council chambers.

With the State opening up regional borders for Intrastate travel, the Cue Tourist Park has begun opening up and inviting pre booked guests into the park. The office staff have done a great job contacting all of the Tourist Park bookings and inviting them back to Cue. The park is expected to fill up over the coming weeks with most of our regular guests returning for the tourist season. Physical distancing and gathering restrictions are still in place and must be adhered to.

Works have commenced on the refurbishment of the old Railway Station building which is being restored and repurposed as a Youth and Community Centre. A big thank you to Lotterywest that have provided grant funding to enable this project. The fit out of the building is in consultation with the local youth to provide facilities that they would like to have in the Centre. This project is part of the Shire's vision to revitalise the heritage buildings in Cue and develop a recreational space around the town oval. It is planned that works will be completed by September 2020.

Road works are underway with the widening and resealing of Wondinong Road out to the Airport and resealing works on parts of the Beringarra Cue road. Sealing works will also be undertaken on some town Streets with further resealing of the town Streets to be undertaken in the coming months. Please slow down and observe all traffic signs through these areas.

The Shire of Cue has been successful in being awarded a \$13,000 grant from the 2020-2021 Regional Events Scheme to be utilised towards QFest. The QFest has been rescheduled to take place on the WA Day long weekend from 4-7 June 2021.

Mosquitos are still prevalent around town and it is asked that people check their yards for pooling water and check rainwater tanks for any breeding activity. The shire will continue to undertake intermittent fogging as weather conditions allow.

On a sad note a long term employee of the Shire was recently laid to rest. Gordon Fraser was the Roads Supervisor as well as a grader driver, road train operator and roads builder for the Shire of Cue. Gordy made a significant contribution to the operations, culture and dynamics of the Shire. He will be missed by his friends and colleagues and I would like to pass on condolences to his family on behalf of the Shire President, Councilors and staff at the Shire of Cue.

Richard Towell

Acting Chief Executive Officer

POLICE BEAT

Traffic

G'day good people of Cue and a warm welcome at long last to our tourists and other visitors, it's about time!! We hope everyone has been able to fight their way through lockdown and is ready to get out and support their local regional community.

Cue Police have still been diligently patrolling the Great Northern Highway, north and south of Cue and unfortunately there has been no reduction to the amount of people caught speeding. You would have to think that the law of averages due to less people being allowed to travel would cause a reduction, sadly not. I for one have my own reasons for not speeding besides the obvious safety benefits – the state government take enough money from me in taxes and utilities, I'm not given them another cent!

I'm sure we all welcomed the lifting of Regional Border restrictions on 29 May 2020 to now include the Mid West Region which means we can all get down to Perth or to the southern parts of the state. It also importantly allows others to travel to Cue and inject some much-needed fiscal prosperity into local businesses.

Can I please ask our visitors to be mindful of the local road conditions as they may be not what you are used to at home? The Great Northern Highway is littered with heavy vehicles (mostly road trains) which can be difficult to navigate at times and there is a constant stream of wide loads passing through to the mining regions of the north of the state. Please take care and be more cautious than you normally are to prevent any disastrous incident. If you are driving during darkness (now 5.45 pm and 7 am!!) please reduce your overall average speed, be patient and watch out for wildlife.

You will now be likely to be stopped for random breath testing as things return back to normal and Police are always targeting anyone contributing to road trauma on our roads such as dangerous driving, drink and drug affected drivers.

Crime

It has been a good month for crime in Cue with very little reported.

I acknowledge the good work parents have been doing to ensure they know where and what their children are doing. It also appears that school attendance has been excellent for the start of the term 2 which is good news. A good education is one of the most important ways our children can prosper and provide for their own families once day.

As my colleague alerted to last month crime is largely opportunistic so please keep your stuff out of sight and out of mind. Be aware that there are people will take the opportunity if it seems too good not to. The days of leaving doors open and insecure are long gone even if you are at home or close by.

In general Cue is a quiet, safe, liveable and welcoming community which I am sure we all want to remain as such.

Community Policing

I'm sure you were aware that the Cue community suffered a significant loss with the recent passing of one of our most respected Aboriginal residents. An important figure within the community and long-time employee of the Cue Shire he will be greatly missed.

Cue Police pass on their most sincere condolences to Jenny, Julie, Travis and the extended family.

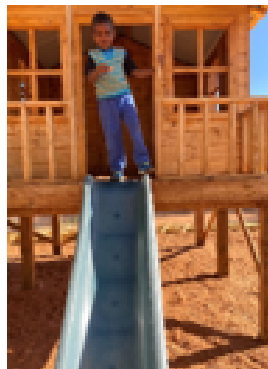

The COVID 19 restrictions surrounding funerals made it difficult for the family and extended relatives to pay their respects when it was held last month. I would like to acknowledge the family, in particular Jenny and Julie for their willingness to engage with Police and keep our community safe.

In these problematic times please regularly stay in touch and check on your family, friends and fellow community members. I'm sure "normality" will return soon?

Quote of the month

"Sometimes I amaze myself, other times I can't remember what day it is!"

Sergeant Max Walker
Cue Police Station.

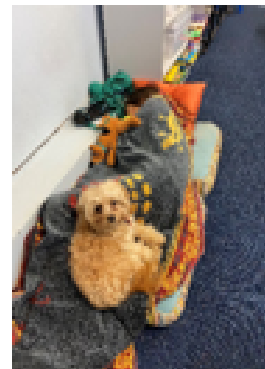

Cue Primary School

June 2020

CARE UNDERSTANDING EXCELLENCE

Everywhere All The Time

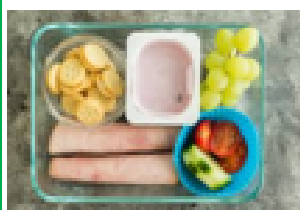

Staff are working together to develop expectations for all students during the school day. Once these are clarified staff will support students to achieve these expectations on a regular basis - stay tuned for more information.

Resilience - Respect - Responsibility

Welcome

A special welcome to our new students. We love having you at our school. We now have 18 students enrolled at school and 8 coming every day.

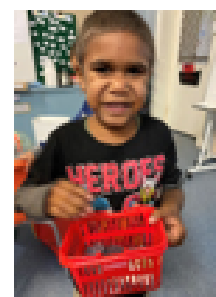

Healthy Lunches

The school is working with the Road House to develop a healthy menu for lunches - watch this space. From Tuesday June 2nd the school will again collect lunches from the Roadhouse each day.

Stay and Play

Come and join Ms Marsie and Ms Dani each Thursday for some fun, games and singing. Parents must stay and play as well.

Report Collection and Sausage Sizzle

Come along and meet the teachers on June 25th. Sausage sizzle and drinks from 12.30pm

Everyone welcome

Cue Students are staying healthy by washing their hands regularly throughout the day.

Students are reading in the Library every day after lunch.

Public Holiday - Monday June 1st, no school for students. See everyone on Tuesday 😊

Tea Time

Join us
Monday & Friday @
10AM for a cuppa

CUE ROADHOUSE

Hi Cue Community,

Well the last month or two has seen a lot of changes for all of us personally and for the roadhouse in general.

Norm (Our new Manager) and I are endeavoring to cater to your requirements daily, and we welcome any feedback or suggestions you might have where we can improve the experience at the roadhouse for you.

THIS MONTH:

We would like to bring you all up to date regarding Australia Post.

Many of you will not be aware of the processes Aust Post require from us so hopefully we can shed some light, and this will bring some clarity.

All our mail has a 10 DAY turn around (Aust Post directive), so if you are getting your mail sent to the post office it WILL BE returned to sender after 10 days.

We have completed an audit of our P O Boxes and many leases have lapsed for more than 3 months, and therefore have been cancelled by Aust Post.

It is a simple process to renew your lease if you wish to keep your P O Box number the Roadhouse owners have generously agreed to cover the cost of this for you as a community resident. They will pay the annual fee for the year. So, come on in with some photo ID and we can complete the process in just a few minutes.

Here is a list of the P O Box numbers available. If you see your number here come in quickly to renew your lease to avoid disappointment. We will be offering these numbers to all Cue residents who would like a P O Box.

8. 11. 23. 27. 30. 34 .39. 41. 45. 46. 50. 52. 56. 63. 66. 71. 74. 77. 79. 80. 82. 85. 86. 88. 89. 96. 107. 110. 112. 114. 116 .119. 120. 122.

POST OFFICE HOURS are strictly 9am-5pm Mon-Fri

So, for convenience of after-hours collection a p o box is the way to go. Especially now that there is no outlay required by you for the 1st 12 months.

Our console staff are required to follow strict Aust Post guidelines so please be respectful as we know refusal can be frustrating for you. Any questions you may have regarding Aust Post, please do not hesitate to approach the team next time you call into the roadhouse.

Have coin laying around? We would like to encourage you all to bring in any coin you may have accumulated. Leave it with us and we will count it for you and cash it in. Call back in at your convenience to collect your cash.

On behalf of Norm and myself I would like to thank the Cue community for the friendly welcome you have shown us and look forward to fostering warm friendships in the future.

Sue Burgess (Assistant Manager)

WE ARE ALL IN THIS TOGETHER LET'S HELP EACH OTHER WHEN WE CAN

***Food for the Mob* teamed up to help deliver Emergency Relief Packages to remote Aboriginal communities.**

In response to the COVID-19 pandemic restrictions, the ABC Foundation Limited (Aboriginal Biodiversity Conservation) spearheaded a collaboration between the Foundation's *Food for the Mob*TM program with community partners Yullela Aboriginal Corporation, Mungullah Community Aboriginal Corporation, along with Bundiyarra Aboriginal Corporation and MEEDAC to deliver 800 Emergency Relief Packages.

Helping to combat isolation in WA remote regional Aboriginal communities, the packages - made up of much needed cleaning and sanitary supplies donated by Bundiyarra and MEEDAC, along with food donated by Foodbank, Second Bite and Coles via the ABC Foundation *Food for the Mob*TM program - were delivered to communities throughout the Mid-West and Gascoyne regions.

Wayne McDonald, Bundiyarra Aboriginal Corporation's Manager Operations, said the "organisations have had calls from people in critical need, people in lockdown where there are no shops, they are not allowed to leave their communities, and they are running low on cleaning products, hygiene needs and food".

The ABC Foundation collected seven pallets of food along with a ton and a half of milk to contribute to the Emergency Relief Packages and saw Chief Advisor Brad Rowe working with Bundiyarra health workers and MEEDAC representatives to then help organise, pack and distribute the packages to those in need.

"This was a great outcome all round, we're excited to move forward and strengthen the ABC's partnership with Bundiyarra and MEEDAC along with our current community partners Yullela and Mungullah through further collaborations utilising the *Food for the Mob*TM program" said Rowe about the collaboration.

ABC Foundation community partners Yullela Aboriginal Corporation and Munugullah Community Aboriginal Corporation assisted in the distribution of packages to remote communities in the Meekatharra and Carnarvon areas, while Bundiyarra Aboriginal Corporation delivered to remote communities in the Murchison and Geraldton areas.

TASTY J'S

FOOD FOR THE SOUL

Located in the Cue Oasis (corner Victoria and Austin St), Tasty J's is offering fabulous home cooked food every Friday and Saturday night from 6pm.

Fast Fridays is all the delicious fast food you could ask for - smokey pulled pork burgers, kebabs, pizza, coconut prawns and more. Saturday nights are theme night - Italian, Indian, Chinese, Mexican, you never know what's cooking!

Follow us on Facebook @TastyJsCue to see what's cooking next weekend!

Hon Robin Scott MLC

Member for Mining and Pastoral Region

I am the VOICE for YOUR thoughts!

For those of you that don't know me I am Hon Robin Scott MLC. I was sworn in on 22 May 2017 as a Member of the Legislative Council of Western Australia, representing Mining and Pastoral Region for Pauline Hanson's One Nation.

I would like to start by saying for the past thirty years I have been interested in politics, and just like you I have been forced to vote at every election for the best of a bad bunch. Being a father of two and grandfather of six it motivated me to maximize my contribution as a parliamentarian. I'm here for the people of my electorate not the people of the house. I am here help repair our political system, defend our Australian way of life and maximize opportunities for fellow West Australians. The major parties have condoned the deterioration of our manufacturing industries and are slowly strangling our mining, agriculture and pastoral industries. We have every natural resource the world wants and we still can't eliminate poverty in Australia, due to poor management by politicians."

✓ Achievements

- ✓ **Blocked - The State Government's proposal to raise the gold royalty** - In 2017 I was Successful with the Disallowance Motion which defeated the Government's attempt to increase the Gold Royalty by 50%. Which I think is an absolutely fantastic win. I am determined to protect and promote mining and lead the defence against water charges for prospectors and small miners.
- ✓ **Granted - License for an MRI Machine in Kalgoorlie-Boulder** -Alongside Senator Georgiou we secured the Medicare license for the MRI machine in June 2018 after leading a strong advocacy campaign alongside WA One Nation. Although our town is still waiting for the MRI Machine i reassure you that I will continue to ask the question and update my electorate as to when we can expect it to be operating.
- ✓ **Granted - Funding for Palliative Care** - I accomplished a desired result with obtaining a multi-million-dollar funding injection for Palliative care in regional WA. I was disappointed to hear that the government had again let our people down with in the health department and knew that people deserved to die with dignity.
- ✓ **Blocked Removal of Education components with School of the air** - I won the fight with members of the cross bench when the state government proposed that they wanted to remove critical education components with School.

My To Do List

- **Advocating the PHON plan to subsidise apprenticeships by 75% in the first year, 50% in the second year and 25% in the third year.**
- **Investigate unfair Native Title Claims**
- **Create Suitable accommodation in regional towns for remote community visitors.**
- **Continue to follow up on the current status of the MRI machine for the Kalgoorlie Health Campus.**
- **Begin the construction on the Kimberly Water Pipelines.**
- **Bring Royalties for Regions back to Regional WA.**
- **Continue to push for the Wiluna to Meekatharra road to be sealed.**

We're still working to improve your water supply

Water is an essential service and we are adapting our work in response to coronavirus (COVID-19).

Our project team is committed to completing work in Murchison towns to improve your local water supply. We are currently working in Mount Magnet and Sandstone before moving to sites in Cue and Meekatharra.

Safety is our priority and our contractors are following government advice relating to COVID-19 to complete this work. Our crews appreciate a warm welcome, however please keep a safe distance from them and work areas.

We thank you for your support.

Visit watercorporation.com.au/murchison for more information.

Faults, Emergencies and Security **13 13 75** (24 hours)

WAM HEADS TO THE MID WEST REGION IN WA TO RECORD NEW ALBUM

Image courtesy of Mid West Development Commission

West Australian Music (WAM) is excited to launch the next instalment of its regional recording project series, ***Sounds of The Mid West***, with artist applications now open. The project is delivered with the ongoing support of the **State Government of Western Australia's Contemporary Music Fund**, and aims to showcase the musical talent, stories, and provide opportunities to artists and sound engineers in the region.

At twice the size of Victoria, the Mid West region covers almost one fifth of WA's land mass. It boasts some of the state's most iconic landscapes, spanning from the Gibson Desert in the East to the Batavia Coast, the Abrolhos Islands and north through the mighty Murchison. The Mid West is home to many first nations Yamatji peoples and languages, as well as Martu peoples to the east, where WAM recorded their regional compilation, ***Sounds of Wiluna*** in 2011.

The ***Sounds of The Mid West*** recording project will provide 10 Mid West artists the opportunity to record their original song with some of WA's best award-winning producers, including; **Matt Gio** and **Dan Carroll** (Rada Studios), **Andy Lawson** (Debaser Studio), **Sean Lillico** (Fur Real Studio), **James Newhouse** (Real2Reel Studios) and **Ryan Brennan** at a pop-up studio in an iconic Mid West location this September/October.

The final compilation will be released in 2021 on digital streaming platforms, limited-edition CD package, and distributed by WAM to local and national radio, industry and the public. The compilation cover will feature the artwork of a local Mid West artist to capture the spirit of the region.

Sounds of The Mid West is the fourth of nine new regional recording projects supported through the State Government's Contemporary Music Fund, and fourteenth of WAM's '*Demos from / Sounds of*' series. Since launching in 2006, the series has brought great exposure to 120 artists based regionally across the expansive state of WA. WAM's latest regional compilation, ***Sounds of The Kimberley***, has garnered significant digital streaming and radio airplay across ABC networks, and community radio nationally.

Applications to take part in the project are now open to Mid West region **songwriters, acts/bands** and **studio sound engineers** of any level, age, and genre. Applicants can register their interest via the following link or WAM website, with applications closing on **Thursday August 20, 2020**: <https://www.surveymonkey.com/r/WGWF7F5>

[ONLINE APPLICATION FORM | PRESS RELEASE & ASSETS](#)
[MORE INFO ON WAM'S REGIONAL RECORDING PROJECTS](#)

WAM delivers ***Sounds of The Mid West*** with the ongoing support of the **WA State Government Department of Local Government, Sport and Cultural Industries** and WAM organisational partners.

If your local business or organisation would like to join us in celebrating local talent through this project, please contact WAM at georgia@wam.org.au

For media enquiries, quotes or images, please contact Ellen Oosterbaan - Marketing & Communications ellen@wam.org.au

BEEF STROGANOFF SOUP

INGREDIENTS

3 cups chicken stock	1 dried bay leaf
1/2 x 20g packet dried porcini mushrooms	3 garlic cloves, finely chopped
700g piece beef topside roast	250g button mushrooms, thickly sliced
1/3 cup extra virgin olive oil	250g fusilli avellinesi pasta (any short pasta is fine)
2 brown onions, thinly sliced	1/2 cup thicken cream
3 sprigs of fresh thyme	Roughly chopped fresh chives, to serve

METHOD

STEP 1.

Bring stock and 3 cups of water to the boil in medium saucepan over high heat. Add porcini. Set Aside.

STEP 2.

Meanwhile, season beef with salt and pepper. Heat 1 tablespoon oil in a large saucepan over high heat. Add beef. Cook, turning for 8 minutes or until well browned on all sides. Transfer to plate. Carefully wipe pan clean with paper towel.

STEP 3.

Heat 2 tablespoons remaining oil in pan over high heat. Add onion, thyme and bay leaf. Season with salt and pepper. Cook, stirring occasionally, for 6 minutes or until softened. Reduce heat to medium. Add garlic. Cook for 4 minutes or until well browned. Strain stock mixture into pan with beef. Roughly chop porcini. Add to pan. Bring to the boil. Cover. Reduce heat to medium-low. Cook for 1.5 hours or until beef is tender.

STEP 4.

Meanwhile, heat remaining oil in a large frying pan over high heat. Add button mushrooms. Cook, stirring occasionally, for 5 minutes or until golden.

STEP 5.

Using tongs, transfer beef to a board. Using 2 forks, shred meat. Remove and discard herbs. Return beef to pan. Bring to the boil. Add button mushrooms and pasta. Boil, partially covered, for 15 minutes or until pasta is tender. Add cream. Stir to combine. Serve soup sprinkled with chives.

CHAI PANNA COTTA

INGREDIENTS

3 cardamom pods, bruised
2cm piece ginger, peeled, grated
2 chai & vanilla tea bags
1/2 cup boiling water
1 litre buttermilk
3/4 cup caster sugar

1/4 teaspoon ground cinnamon
1/2 teaspoon vanilla bean paste
1 tablespoon powdered gelatin
1/4 cup chopped pistachio kernels
1 tablespoon orange zest

METHOD

STEP 1.

Place cardamom, sugar and tea bags in a heatproof jug. Add 1/3 cup boiling water. Set aside for 30 minutes for flavours to develop. Strain mixture into a bowl. Discard cardamom, ginger and tea bags.

STEP 2.

Place buttermilk, sugar, cinnamon, vanilla and tea mixture in a saucepan over low heat. Cook, stirring, for 3 to 4 minutes or until sugar is dissolved and buttermilk is just warmed through. Remove from heat.

STEP 3.

Place remaining boiling water in a heatproof bowl. Sprinkle over gelatine. Whisk to dissolve. Add gelatine mixture to buttermilk mixture, stirring constantly until combined. Pour into 8 200ml capacity glasses. Refrigerate until set.

STEP 4.

Divide pistachios and orange rind between glasses. Serve.
