**SUPPORT THE AMBULANCE SERVICE IN YOUR
COMMUNITY, VOLUNTEER TODAY.**

WHY VOLUNTEER? By donating your time you can make a real difference and give something back to your community. Not only do you get the satisfaction of helping others, but you also gain important skills and experience. No matter what your motivation, being a St John Ambulance Volunteer is a great way to get involved in your community and help change lives.

WHAT'S INVOLVED? Driving ambulances, transporting patients, providing first aid or helping out with administration are just a few of the roles when you volunteer with St John Ambulance. As a volunteer you will be supported every step of the way and given all the training necessary to fulfill your role. Training is conducted to a level at which you feel comfortable, confident and ready to assist.

For more information on volunteering with us call St John Ambulance
Cue Sub Centre on 0418 382 303 Monday to Friday 9am – 3pm.

www.stjohnchangelives.com.au

EDITORS CORNER

Hi All,

The Cue CRC has been incredibly quiet this month, with the weather steadily getting hotter tourists are either leaving Cue or just not coming up this way. We still had a few activities at the CRC, Halloween Party for the kids and we have two more weeks of Food Sensations in November.

There have been some snake sightings in Cue, some at my place and Joyce has seen some at the Queen of the Murchison B & B, hopefully no one gets bitten through out the summer. Please be careful when you see a snake and do not antagonise them—that is a great way to get bitten. In saying that if you or someone you knows gets bitten we've added a page on what to do if you get bitten by a snake.

The Cue CRC Annual General Meeting is being held on the 18th of November at 5.00pm at the CRC. Anyone is welcome to attend the meeting and we are always looking for new members, so if you interested in becoming a member, come down to the CRC and grab a membership form.

Thank you

Julie Humphreys
Manager
Cue Community Resource Centre

**CUE COMMUNITY RESOURCE CENTRE
ANNUAL GENERAL MEETING**

DATE: 18th November 2020

TIME: 5.00pm

WHERE: Cue CRC, 72 Austin Street, Cue WA

The Cue Community Resource Centre's Annual General Meeting (AGM) is being held on Wednesday November the 18th at 5.00pm and the Cue CRC.

If there are any members of the community who would like to attend and/or become a Cue CRC member, please feel free to attend.

Member forms can be obtained at the Cue CRC, and need to be signed and handed in before the AGM.

Any questions please contact Julie at the Cue CRC.

Phone: 08 99631198

Email: cue@crc.net.au

FROM THE CEO

During November the town will be bustling with activity as several current projects, including refurbishment of the old gaol at the Cue Tourist Park, restoration of the railway station building and painting of the Shire Hall are finalised and installation of three transportable houses is commenced. One house will be the new residence for the Managers of the Cue Tourist Park, while the remaining two will be leased to the State Government through the Government Regional Officers Housing program to accommodate Cue Police officers. Under this arrangement, the cost of the houses, including loan repayments, will be fully recovered within a ten-year period, providing the Shire with a valuable asset and continuing income.

The Shire has recently purchased a second hand road patching and bitumen spraying truck which has now arrived in Cue. The truck is fitted with a jet patcher which allows pot hole and bitumen repair work to be undertaken from the cabin of the truck. The unit can also spray bitumen and spread aggregate in one pass enabling it to undertake larger repair jobs and some sealing works.

A number of mining companies will also be ramping up their activities in the next few months, with Fenix Resources preparing to deliver iron ore from their Iron Ridge mine to Geraldton port and Adaman Resources removing several deposits of battery sands close to town for processing at their Kirkalocka facility. With the recent expansion of mining and exploration activity occurring throughout the Shire, I am receiving an increasing number of enquiries about the availability of houses in town to rent or buy. If anybody has a property that is available, just visit, call or email the Shire office and we will pass on the details.

Volunteers Night has been shifted from the previously advertised date of 5 December to Wednesday 2 December to accommodate the very talented Emmet, who is always a great entertainer. This event has been traditionally held on 5 December to coincide with International Volunteers Day, however from 2021, we will be holding Volunteers Night to coincide with National Volunteering Week, which is celebrated in May.

If you are aware of a community member who has made a significant contribution to the Cue community and you would like to see them acknowledged, nominations for the Australia Day Active Citizenship Award are now open. Nomination forms can be collected from the Shire office. Australia Day 2021 will be a spectacular event, thanks to a grant of \$20,000 from Auspire which will enable the Shire to present a packed evening including live band and fireworks display. More details will be provided in subsequent editions of this publication.

The Shire is excited to announce an event to farewell 2020, a year which has been challenging for us all. Adam Brand and supporting artists, including some very talented locals, will be live in concert at the town oval on Saturday 19 December. Watch for further announcements regarding this not to be missed celebration of community resilience.

By the time this publication is released, I will be in Tasmania enjoying a break with my family. Deputy CEO, Richard Towell, will be Acting CEO in my absence. I will return to WA on 9 November, provided the State Government lets me back in, by which time I will no doubt be looking forward to Cue's warmer weather.

Upcoming events:

8-15 November - NAIDOC Week

Monday 11 November - Remembrance Day

Friday 27 November - Cue Parliament

Tuesday 3 December - Volunteers Night

Saturday 12 December - Town Christmas Party

Saturday 19 December – Adam Brand concert on the oval (Far Cue 2020)

Rob Madson

Chief Executive Officer, Shire of Cue

Next ordinary Council meeting - 6:30pm Tuesday 17 November 2020

SHIRE OF CUE PROJECTS UPDATE

Here we are at the end of October – I'm not sure about you, but I'm not sure where the year went! It's been certainly busy this year. So where are we at with the projects that are happening around town?

Heydon Place

The concrete has been poured and will now cure for a month before Dave from Shedly's arrives to put up the new industrial units. We should be ready to start advertising for tenants in the first quarter next year.

Railway Station

We have around 4 weeks of work left until complete. The plasterer is just touching up the walls and roof, then the painter will start work. We will also commence replacing the floors shortly as well. We have had a win with the ablution block, and will have a fully compliant disabled access toilet on the oval side. We will be advertising soon for a Youth Coordinator, so look out for that!

Bank of New South Wales

You may have seen the doors open and the windows even more boarded up than usual. The sashes in the windows have been taken down to Perth for repairs and to put new glass into them. They will be back shortly and soon the Bank will have all new windows. No gings allowed! The stonework has been repaired on the southern side and two of the chimneys have been repaired too – they were looking like they were about to drop on someone's head, so I'm relieved that piece of work has been completed! Internally, repairs of the walls and painting has commenced, and we will be installing a new kitchen and ablution block. We will also be adding a new alfresco area to the southern side, perfect for afternoon snacks and a glass of vino! Once the building is refurbished we will be looking for a tenant – there have certainly been plenty of comments about a bakery or restaurant so fingers crossed we find an entrepreneur looking to get up and running in Cue.

Heritage Discovery Centre

This project is mostly complete, the interpretation signs will arrive in the next couple of weeks to be installed. Andrew Binsair has very kindly loaned us some pieces of artwork for the opening. We are still looking for more stories to tell, and artefacts that connect to Cue, so if you are willing to share, it would be appreciated.

GROH and Tourist Park Managers Homes

The new homes are almost here. The Tourist Park Managers home will land on the 9th November, then one a week after that. Please be mindful that there will be trucks and tradies in the vicinity of these building sites, so we appreciate your patience while they are put into place.

Great Fingall Mine Office

The rumours are true, we have appointed a company to do the feasibility work to see if we can pick the building up in one piece and transport it into town. It is early stages, so we are hoping for a tick that it can be done, we'll keep you posted as this work progresses. We have appointed a heritage consultant, Laura Gray, who is also a trained architect, to assist and guide us through this project. You will see her around town over the coming months.

Painting of the Town Hall

We currently have painting contractors working on painting the internal and externals of the town hall. They will be around until early November. Can't wait to see the new look hall (just in time for Adam Brand!).

If you do have any questions about the work going on around town, do feel free to drop into the Shire for an update. Happy to answer any questions.

Regards,

Janet Wicks
Projects Officers
Shire of Cue

CUE CORNER - BACK TO SCHOOL

Term 4, 2020

Amazingly this is the start of the last term for a very busy and different school year. We had a School Development Day on Monday 12th October with staff planning topics of work, incentives and reward days for great attendance, visits to the school by Pia Wadjarri staff and students, the School Camp to Geraldton, return visit by the Teach Learn Grow team, NAIDOC celebrations and planned visits to school by Dr Rowen and a new school health nurse. WOW we were very busy. We checked on our Garden Program and we were happy to see lots of healthy plants after the school holidays.

On Friday we invited families to come to school in the afternoon to celebrate the first week back to school. Thanks to the Cue Shire for organizing the giant Water Slide. It was a fabulous way to celebrate the positive attendance by our students. As part of the Cue Primary Positive Behaviour Support (PBS) we worked together to prepare for the important interviews of the community on their thoughts about our three expectations.

Respect

Resiliency

Responsibility

The literacy task was to email people in the Cue community and schedule a time for the students to visit their workplace and record the interview. We practised our interview questions and recorded answers on the iPads.

Wes, from the Stephen Michael Foundation, who teaches us how to be resilient brought some special Rugby Western Force visitors to Cue Primary - wow we had a great morning of skills and a gift of two rugby balls.

Remember -

ATTENDANCE MATTERS

Bye for now
Mrs K
Principal

OCTOBER 31ST

Cue Community Resource Centre

HALLOWEEN

HALLOWEEN 2020

The Cue CRC would like to thank all the volunteers who helped make Halloween 2020 a success.

The kids seemed to love the freaky clown that belongs to the school—and is definitely going back.

We got some body parts and put one of our display cabinets to good use. It had some bloody fingers on trays and other body parts as well. We put some eyeballs in glasses and then lit up the cabinet.

We had a few skeletons hanging from the lights and other scary bits and pieces.

We did a sausage sizzle and snacks and drinks for the kids. Again, thanks to the volunteers who helped out and the kids for attending.

Cue Community Resource Centre

You're invited to the

***Cue Community
Christmas Party***

Time: 4.30 pm

Date: 12th December 2020

Where: At the Shire Hall

Presentation by the school

Followed by dinner.

Water and soft drinks provided

Santa to arrive 6.30 pm

2020 Christmas Decoration Competition

Registration Form

1st Prize	\$400.00
2nd Prize	\$300.00
3rd Prize	\$200.00

There will also be an 'Encouragement' prize of \$100.00.

**Please complete the form below and return to the
Shire of Cue Administration Office**

By Friday 11th December, 2020.

Judging to take place Tuesday 15th December 2020

Food Sensations®

Each year we participate in a cooking and nutrition program, this year is no exception.

Over a four week period we learn about healthy eating, how to read labels, how to plan meals and weekly budgeting. We also learn about food safety and how to cook some simple meals.

At the end of the program each participant will receive a set of cookbooks, all with very simple and easy to cook recipes. Most recipes you only need one pan to cook them.

Our first session was on the 21st October and we made ?????? And ??? People attended.

Our second session was on the 28th October and we made ?????? And ???? People attended.

We are hoping our third and fourth sessions are as well received as the first two.

The recipes for what we cooked will be in our November and December recipe pages.

Please note that the Cue CRC has three free cookbooks from Foodbank that you can come and grab if you like, and we also have a bunch of plates that we are giving away.

Are you a traceability ace?

Stock traceability is the first step in good biosecurity and is a key part of everyday sound farm management practices. Traceability is essential to maintain access to export markets and for food safety. It allows stock to be traced for disease or residue purposes and deters stock theft.

How are animals traced?

If you own cattle or other livestock, you must register as an owner of livestock, identify stock correctly, obtain a property identification code (PIC) for each property where you keep them and record movements to your property on the National Livestock Identification System (NLIS) database.

Cattle must have a registered identifier (brand and/or earmark) and an NLIS electronic device that enables animals to be tracked from property of birth to slaughter or export.

Don't break WA's livestock traceability chain

A weak link can break traceability and cost you market access.

1 Register as an owner of livestock and obtain a property identification code (PIC) for each property where you keep livestock

2 Identify your livestock correctly. See agric.wa.gov.au and search 'livestock NLIS'

3 Complete a NVD/waybill every time you move stock from a PIC

4 Record within 48 hours on the NLIS database all stock coming onto property

For help with traceability, contact DPIRD:
 T: 1300 WA NLIS (1300 926 547) or
 E: nlis@dpiird.wa.gov.au
 W: agric.wa.gov.au/livestock-movement-ID

1233/2003

Cattle Industry Funding Scheme

Are your cattle registered to your property?

The Department of Primary Industries and Regional Development (DPIRD) find that half of all traceability non-compliance issues involve cattle that are not registered to the PIC they are leaving from. This breaks our traceability chain, is a potential biosecurity and market risk and can also hold up processing at the abattoir.

Don't get caught out!

Now - and not when loading the truck - is the time to check that your cattle are registered to your property by using an NLIS scanner. Scan the tags and DPIRD can assist you to run a check on the NLIS database and to update any missing movements.

If you do not have a scanner, they are easy to use and available to loan from DPIRD's Bunbury office by contacting **1300 WA NLIS (1300 926 547)** or by emailing

nlis@dpiird.wa.gov.au. Further information is available on agric.wa.gov.au/livestock-movement-ID

Hon Robin Scott MLC

Member for Mining and Pastoral Region

I am the VOICE for YOUR thoughts!

For those of you that don't know me I am Hon Robin Scott MLC. I was sworn in on 22 May 2017 as a Member of the Legislative Council of Western Australia, representing Mining and Pastoral Region for Pauline Hanson's One Nation.

I would like to start by saying for the past thirty years I have been interested in politics, and just like you I have been forced to vote at every election for the best of a bad bunch. Being a father of two and grandfather of six it motivated me to maximize my contribution as a parliamentarian. I'm here for the people of my electorate not the people of the house. I am here help repair our political system, defend our Australian way of life and maximize opportunities for fellow West Australians. The major parties have condoned the deterioration of our manufacturing industries and are slowly strangling our mining, agriculture and pastoral industries. We have every natural resource the world wants and we still can't eliminate poverty in Australia, due to poor management by politicians."

✓ Achievements

- ✓ **Blocked - The State Government's proposal to raise the gold royalty** - In 2017 I was Successful with the Disallowance Motion which defeated the Government's attempt to increase the Gold Royalty by 50%. Which I think is an absolutely fantastic win. I am determined to protect and promote mining and lead the defence against water charges for prospectors and small miners.
- ✓ **Granted - License for an MRI Machine in Kalgoorlie-Boulder** -Alongside Senator Georgiou we secured the Medicare license for the MRI machine in June 2018 after leading a strong advocacy campaign alongside WA One Nation. Although our town is still waiting for the MRI Machine i reassure you that I will continue to ask the question and update my electorate as to when we can expect it to be operating.
- ✓ **Granted - Funding for Palliative Care** - I accomplished a desired result with obtaining a multi-million-dollar funding injection for Palliative care in regional WA. I was disappointed to hear that the government had again let our people down with in the health department and knew that people deserved to die with dignity.
- ✓ **Blocked Removal of Education components with School of the air** - I won the fight with members of the cross bench when the state government proposed that they wanted to remove critical education components with School.

My To Do List

- **Advocating the PHON plan to subsidise apprenticeships by 75% in the first year, 50% in the second year and 25% in the third year.**
- **Investigate unfair Native Title Claims**
- **Create Suitable accommodation in regional towns for remote community visitors.**
- **Continue to follow up on the current status of the MRI machine for the Kalgoorlie Health Campus.**
- **Begin the construction on the Kimberly Water Pipelines.**
- **Bring Royalties for Regions back to Regional WA.**
- **Continue to push for the Wiluna to Meekatharra road to be sealed.**

TASTY J'S

FOOD FOR THE SOUL

Located in the Cue Oasis (corner Victoria and Austin St), Tasty J's is offering fabulous home cooked food every Friday and Saturday night from 6pm.

Fast Fridays is all the delicious fast food you could ask for - smokey pulled pork burgers, kebabs, pizza, coconut prawns and more. Saturday nights are theme night - Italian, Indian, Chinese, Mexican, you never know what's cooking!

Follow us on Facebook @TastyJsCue to see what's cooking next weekend!

SPEEDY CHEESE FRITTATA

RECIPE

INGREDIENTS

2 spring onions
spray oil
3 cups frozen vegetables
1/2 cup frozen spinach
12 eggs
small bunch of parsley
150g reduced fat cheese
salt and pepper

EQUIPMENT

Electric frypan with lid
scissors
knife
large jug
cup measures
grater
large spoon

METHOD

1. Cut spring onion finely with scissors. Spray frypan with oil. Turn frypan onto medium-high heat.
2. Add spring onion, frozen vegetables and frozen spinach to frypan and cook until heated through.
3. Crack eggs into jug, Chop parsley and grate cheese. Add to egg with salt and pepper. Whisk to combine.
4. When vegetables are cooked evenly through, spread evenly in the frypan and carefully pour in egg mixture.
5. Place lid on frypan and turn down to medium heat. Cook for 10 minutes or until egg is set on top. Allow to cool slightly before cutting into squares.

RECIPE COURTESY OF FOODBANK

RAINBOW RICE

RECIPE

INGREDIENTS

- 1.5 cups uncooked rice
- 1 sml red capsicum
- 1 sml green capsicum
- 2 spring onions
- spray oil
- 2 cups frozen vegetables
- parsley or basil
- 1/8 cup soy sauce
- 1/4 cup sweet chilli sauce

METHOD

1. Cook rice according to packet directs. Chop capsicum and spring onion into small pieces.
2. Heat frypan (medium heat) and spray lightly with oil.
3. Add frozen vegetables and stir until cooked.
4. Add cooked rice and stir until heated through.
5. Chop herbs. Add to pan with soy sauce and sweet chilli sauce. Stir until combined.

EQUIPMENT

- Electric frypan with lid
- scissors
- knife
- large jug
- cup measures
- grater
- large spoon

First aid fact sheet

Snake bite

All known or suspected snake bites must be treated as potentially life-threatening, and medical aid should be sought urgently.

Signs and symptoms

Signs of a snake bite are not always visible. In some cases, the patient may not have felt anything. Symptoms may not appear for an hour or more after the person has been bitten.

Depending on the type of snake, signs and symptoms may include some or all of the following:

- immediate or delayed pain at the bite site
- swelling, bruising or local bleeding
- bite marks (usually on a limb) that may vary from obvious puncture wounds to scratches that may be almost invisible
- swollen and tender glands in the groin or armpit of the bitten limb
- faintness, dizziness
- nausea and vomiting
- headache
- abdominal pain
- oozing of blood from the bite site or gums
- double or blurred vision
- drooping eyelids
- difficulty in speaking or swallowing
- limb weakness or paralysis
- difficulty in breathing
- occasionally, initial collapse or confusion followed by partial or complete recovery.

What to do

Pressure bandage & immobilise

- 1 Follow DRSABCD.
- 2 Call triple zero (000) for an ambulance.
- 3 Lie the patient down and ask them to keep still. Reassure the patient.
- 4 If on a limb, apply an elasticised roller bandage (10–15 cm wide) over the bite site as soon as possible.
- 5 Apply a further elasticised roller bandage (10–15 cm wide), starting just above the fingers or toes and moving upwards on the bitten limb as far as can be reached.
 - Use clothing or other material if an elasticised roller bandage is not available.
 - Apply the bandage as firmly as possible to the limb. You should be unable to easily slide a finger between the bandage and the skin.
- 6 Immobilise the bandaged limb using splints.
- 7 Keep the patient lying down and completely still (immobilised).
- 8 Write down the time of the bite and when the bandage was applied. If possible, mark the location of the bite site (if known) on the skin with a pen, or photograph the site. Do not wash venom off the skin or clothes because it may assist identification.
- 9 Stay with the patient until medical aid arrives.

In a medical emergency call Triple Zero (000)

DRSABCD Danger ▶ Response ▶ Send for help ▶ Airway ▶ Breathing ▶ CPR ▶ Defibrillation
