FROM THE CRC

Hi Cue-mmunity,

We've been busy at the Cue Community Resource Centre again for May.

We held another sausage sizzle at the tourist park and even had a visitor of the park play some live music for us, which was awesome.

The Cue CRC hosted Australia's Biggest Morning tea on the 27th of May and raised over \$700, our aim was \$1000 and although we didn't raise as much as we would have liked, we still raised more than our last Biggest Morning Tea. The Cue CRC would like to thank those who donated cakes and to everyone who attended, great effort in helping the CRC raise much needed funds for the Biggest Morning Tea.

The CRC hosted the first Sunday Markets of the year and we were happy with the turn out, a huge amount of people came. We had a sausage sizzle provided by the Cue Volunteer Fire Brigade (awesome job firies!), gorgeous jewellery, handmade products, house hold items and a few home made cakes. Unfortunately due to the weather, we didn't have as many stalls as we had planned, but it was still a great Sunday morning market day.

In June we have Walking Group every Monday evening, Craft Group every Wednesday morning. Department of Transport will be at the CRC on Monday 14th June, we will have Sunday Markets again this month on the 27th June, we also have an Open Day for the Cue Heritage Discovery Centre on the 17th June. We also have a Bingo Night planned for the 19th to help raise money for the Cue Volunteer Ambulance.

WE ARE HIRING

CUE HERITAGE DISCOVERY CENTRE

The Cue CRC is looking for someone to help operate the Cue Heritage Discovery Centre.

To register your interest or to apply for the position please contact Julie at the Cue Community Resource Centre on: 08 9963 1198 or cue@crc.net.au

FROM THE CEO

A few nice showers of rain across the Shire in recent weeks will hopefully bring some benefits to pastoralists and increase the potential for an impressive wildflower display for our visitors. In the town centre, we recorded a total of 52mm over two events, which is unusual for this time of year. To some, that may not sound like a lot, but in this area it is enough to make many of our roads hazardous. Take care when travelling, particularly at flood crossings. Do not ignore closed road signs, as damage caused to the road surface when it is sloppy will create a much bigger problem for everyone after it dries.

A number of Shire roads are still waiting on repairs to damage from a rain event in 2020 which was declared a natural disaster. Unfortunately, the rules of the federal assistance we receive to respond to such events, prevents the Shire from doing anything more than making the road passable until a lengthy assessment process is completed. Lacy Bros have now been engaged to repair the affected roads and are progressively working their way through their program. Please obey all traffic control signs when passing through roadworks.

Later this month, Axiis Contracting will be commencing work on the next projects in the Shire's shared use pathway program. Current pathways on Dowley and Allen Streets will be extended to complete a loop and a short section will be constructed on Austin Street to complete the pathway to Patterson Street. New paths will be constructed on Stewart and Chesson Streets. As the paths are intended for both walking and cycling, benches and bicycle racks will also be installed at focal points on the pathway.

After negotiating quarantine and licensing requirements, the Shire's recently acquired patching truck is now in full operation maintaining the seal on Beringarra-Cue Road. Keep an eye out for this machine when travelling on the road as it will be moving at very low speeds and stopping frequently.

The Shire's annual event to thank the many volunteers who help to make our community a better place was held on the evening of Saturday 22 May. Emmet's performance showed off his huge range of musical genres, while volunteers enjoyed the meal and refreshments. This is the first time we have held this event to coincide with National Volunteer Week. Unfortunately, this also meant that many of the volunteers were involved in other volunteer functions and were unable to attend. The future timing of this event will be reviewed.

Council has resolved to make an annual contribution of \$50,000 to the Cue Community Resource Centre to assist with employing more staff for the Tourist Information Centre. This will enable the facility to extend their opening hours during tourist season.

Auditing firm, Butler Settineri, recently spent a week in the office conducting the Shire's interim audit on behalf of the Office of the Auditor General. This will be followed up by the annual audit following the end of the financial year. During the audit entry interview with the OAG's representative, the Shire stressed it's view that the timeframe for the audit process needs to be shorter to allow for timely presentation of the annual report.

One of the things I've learned in my time in Cue is that it can throw up some surprises. One of the more unusual is being chosen as the location for an event called Pox-Eclipse. Billed as Australia's first major Wastelander event, Pox-Eclipse will present an opportunity for participants to immerse themselves in a post-apocalyptic themed camping experience based on the Mad Max film series. Organisers are hoping to run the event annually, with a target of attracting 500 people to the inaugural event, which will be held from 26-29 August.

It is now officially winter, so it might be too cold to actually go barefoot, but casual bowls is back on, starting at 1pm on Sundays. There are plenty of sets of bowls available to use and new players are welcome.

By the time the July edition of this publication is produced, I will be settled back home in Tasmania, most likely in a thick wool jumper. In my final contribution, I will reflect on some of the Shire's achievements during my time as CEO, such as the redevelopment of the old post office building and the construction of the Oasis Tourist Stop, bowling green and small wheels park. While the Shire's campaign to get the State Government to commit to upgrading the water treatment plant to improve our water quality was successful, commissioning of the plant is several months away, so I will unfortunately miss the fanfare and the opportunity to taste the best water in Australia.

The selection process for my replacement is progressing, with the position attracting 14 applicants who are currently being assessed by the CEO Selection Panel. An appointment of the Shire's new CEO is expected to be made within weeks.

Rob Madson
Chief Executive Officer, Shire of Cue

Next ordinary Council meeting - 6:30pm Tuesday 15 June 2021

Help stop the spread of COVID-19

PLEASE PRACTISE GOOD HYGIENE AND SOCIAL DISTANCING:

Wash your hands regularly for at least 20 seconds, using soap & water or alcohol-based gel

Avoid shaking hands or making other unnecessary physical contact with others

Cover your mouth/nose when you cough/sneeze using a tissue or flexed elbow

Stay home if you are sick don't go to work or school if you have symptoms

Avoid close contact with others try to keep at least 1.5 metres away

IF YOU'VE BEEN ASKED TO SELF-ISOLATE

Anyone who is instructed to self-isolate must take the request seriously, stay home and not put others at risk. That means: **DON'T** leave your property **DON'T** go to work/school **DON'T** go on outings **DON'T** have visitors
 The only time to leave the house is to seek medical attention.

JUNE 17TH 2021
10AM TO 4PM

**JUNE 17TH 2021
10AM TO 4PM**

Cue Heritage Discovery Centre

As the operators of the Cue Heritage Discovery Centre, (situated at the rear of the Cue CRC) the Cue CRC invites the residents of Cue to come along to preview and enjoy Cue's latest tourist attraction before it is officially opened.

Whilst the CHDC is not yet complete, the CRC Management Committee have decided it is time to open the attraction, which by its very nature will always be a work in progress. we are proud of what has been achieved so far and feel it is only right that the Cue community have the opportunity to view the centre. we look forward to it becoming a real landmark in Cue for those travelling along the Great Northern Highway. In the near future we are planning to open the Cue Heritage Discovery Centre for six or seven days per week, particularly during the tourist season.

Cue as the "Queen of the Murchison", with its collection of magnificent buildings and rich history is the ideal location for such an attraction that gives those in Cue a real understanding of the characters and events that shaped our history.

We sincerely hope that you can stroll on down to the Cue Heritage Discovery Centre on Thursday, 17th June between 10.00am and 4.00pm to enjoy a cuppa and a leisurely wander around the latest addition to our community .

THE YOUTH CENTRE

We have had a busy past month at the Youth Centre, kick-starting the month in style with Mother's Day with beautiful decorations along the sidewalk for all the mums in town.

One of the most exciting moments for our youths this month was the generous donation of ooshies and little shop that we received through our librarian Steph – they were certainly a hit. Thank you again from all of us.

We enjoyed using all the town has to offer and more – at the Hall, the sports oval, the skate park and the playground – during our regular sessions after school and on weekends.

As usual, our sessions times are after school on weekdays at 2:30 – 4:30, and on weekends and public holidays from 9 -1 unless we have incursion or excursions. We plan on doing more creative projects with our artistic youths – we welcome volunteers and any input.

Follow us at our Facebook Page @ CueYouthCentre for updates on events and photos. Thank you for your continued support!

E: cue@crc.net.au

Term two is already on the downward run and we continue to be very busy at school. We were recently visited by Sun City Tennis and the Murlpirmarra Foundation for Tennis clinics again and the students continued to build their hand eye co-ordination while enjoying their time on the court.

Last week we were visited by Michelle and Jenni from St Johns who brought along an ambulance and did some basic first aid with the students. Students learned what to do in case of a snake bite with Mr M being bandaged up so he couldn't move his leg.

We recently started transferring our old photos to digital format in preparation for a website but found our records only go back to the late 80s. We are missing 90+ years of our school's history!! If you have anything pertaining to Cue Primary School we would love an opportunity to scan it or you could send a photo to cue.ps@education.wa.edu.au or our Facebook page.

Volunteers are an important part of any community and the school is no exception. We are very lucky to have some wonderful volunteers that support us in the running of and the teaching of our children.

Thank you to our readers who spend time guiding our students – we are always looking for more if you can spare 30–60 minutes on any day.

Thank you to the community members of the school council who assist in guiding the school and delivering a clear vision of how the school will operate.

Thank you to the many others who offer their time in so many ways.

We appreciate you all.

Tuesday 8th of June will be a teacher only day as we get some training in a reading program.

28th June - TLG is coming to Cue PS to run a week of Mathematics activities

30th June – Excursion to Pia Wadjarri for Harmony Day

2nd July – Last day of Term Two.

Staff Profile: Elissa Baillie

Connection to school:

School Health Nurse from GRAMS

Favourite Book:

Matilda by Roald Dahl

Who would play you in a movie about your life?

Me?

What's the best thing you can cook?

All kinds of cakes!!!

Have you any brothers or sisters?

1 little brother

Eagles or Dockers?

The Eagles!!!!!! What kind of question is this?

What law or rule do you think is the most important one for being Respectful?

Treat people the way you want to be treated.

When have you had to be the most resilient?

When people in my family have been sick or sad and I have been strong and cared for them even though I was worried.

What is your greatest achievement?

Being there for my family when they need me.

Name one person you really respect:

My Dad

Tell us a joke.

What's brown and sticky..... a stick

First aid fact sheet

Snake bite

All known or suspected snake bites must be treated as potentially life-threatening, and medical aid should be sought urgently.

Signs and symptoms

Signs of a snake bite are not always visible. In some cases, the patient may not have felt anything. Symptoms may not appear for an hour or more after the person has been bitten.

Depending on the type of snake, signs and symptoms may include some or all of the following:

- immediate or delayed pain at the bite site
- swelling, bruising or local bleeding
- bite marks (usually on a limb) that may vary from obvious puncture wounds to scratches that may be almost invisible
- swollen and tender glands in the groin or armpit of the bitten limb
- faintness, dizziness
- nausea and vomiting
- headache
- abdominal pain
- oozing of blood from the bite site or gums
- double or blurred vision
- drooping eyelids
- difficulty in speaking or swallowing
- limb weakness or paralysis
- difficulty in breathing
- occasionally, initial collapse or confusion followed by partial or complete recovery.

What to do

Pressure bandage & immobilise

- 1 Follow DRSABCD.
- 2 Call triple zero (000) for an ambulance.
- 3 Lie the patient down and ask them to keep still. Reassure the patient.
- 4 If on a limb, apply an elasticised roller bandage (10–15 cm wide) over the bite site as soon as possible.
- 5 Apply a further elasticised roller bandage (10–15 cm wide), starting just above the fingers or toes and moving upwards on the bitten limb as far as can be reached.
 - Use clothing or other material if an elasticised roller bandage is not available.
 - Apply the bandage as firmly as possible to the limb. You should be unable to easily slide a finger between the bandage and the skin.
- 6 Immobilise the bandaged limb using splints.
- 7 Keep the patient lying down and completely still (immobilised).
- 8 Write down the time of the bite and when the bandage was applied. If possible, mark the location of the bite site (if known) on the skin with a pen, or photograph the site. Do not wash venom off the skin or clothes because it may assist identification.
- 9 Stay with the patient until medical aid arrives.

In a medical emergency call Triple Zero (000)

DRSABCD Danger ▶ Response ▶ Send for help ▶ Airway ▶ Breathing ▶ CPR ▶ Defibrillation

Our work in Cue is almost done

Thank you Cue for your support – we're pleased to say our work to improve your water supply is almost complete!

The new evaporation ponds are ready, the new water storage tank is built, and the electro dialysis reversal unit is going through final testing which we expect to finish in August.

To celebrate improvements to your water supply and help you be waterwise this spring, our Waterwise Towns program is set to launch in Cue this October.

To keep up to date on offers available in your town, visit watercorporation.com.au/waterwiseoffers.
