# Cue CRC Report

---

Hello Cue,

We had a few events at the beginning of June—Donut Day being one of them, we had a morning tea to celebrate Donuts. We had about 8 people attending. Then we had our first Twilight Markets with Geoff Udy for live entertainment. A good night was had by all with about 45 people attending. We had four stall holders and our youngest stall holder yet. Tyanna wants to earn some money so she has decided to have baked goods at markets. At the Twilight Markets Tyanna sold everything very quickly, so please come to the next Saturday markets to see if she is there selling her baked goods.

I want to thank everyone for their help at the Twilight Markets, whether it be cleaning, taking donations or cooking the sausage sizzle, it is much appreciated and we couldn't have done it without you.

The Cue CRC also hosted the Shire of Cue's Seniors Morning Tea which happens every month on the last Friday of the month—keep an eye out and don't forget to let Tracy at the Shire Office know that you're coming.

In July we have another Resin Workshop and Saturday Markets. Check the following pages for times and dates.

The Cue CRC hired Shannon Dongara to fill a vacant position at the CRC and I would like to welcome her to the Cue CRC team.

## **Welcome to Cue**

Whether you are a long-term resident, a new arrival, or one of the many visitors travelling through our region, I would like to extend a warm welcome to the Shire of Cue. Our community is proud of its rich history, strong sense of community spirit, and unique outback lifestyle. We hope visitors enjoy everything our district has to offer, including our heritage streetscapes and local attractions.

For those heading out into the bush or goldfields, please remember to travel safely, carry appropriate supplies, and let someone know your travel plans. We want everyone to enjoy their time in Cue and return home safely. Up-to-date road condition information is available on the Shire website at [www.cue.wa.gov.au/roadreport](http://www.cue.wa.gov.au/roadreport).

## **Heritage Building Projects – WALGA Vendor Panel (eQuotes)**

The Shire of Cue is progressing procurement for the Masonic Lodge Stage 2 project and Bells Emporium Redevelopment through the WALGA Vendor Panel. This approach ensures compliance with procurement requirements, transparency in contractor selection, and engagement of suitably qualified heritage contractors.

Both projects focus on the conservation, refurbishment, and activation of important heritage buildings, with works designed to improve structural condition, safety, functionality, presentation, and ongoing community use while preserving each building's historic character.

A conservation approach will be applied, prioritising retention, repair, and reinstatement of original building fabric wherever practicable. Replacement will only occur where materials are beyond repair or required to meet safety and performance standards.

At the Masonic Lodge, works will include targeted structural remediation, repairs to external cladding, flashings, balcony and portico timber elements, restoration of decorative features, flooring refurbishment, repair of linings, and restoration of stairs, balustrades, doors, and windows.

At Bells Emporium, works will include refurbishment of external wall cladding, roof junctions, shopfronts, verandah elements, windows, doors, glazing, ceilings, skylights, floors, and painted surfaces across the tenancies.

Roofing, drainage, external finishes, and electrical systems will also be inspected and upgraded where required to support safe and functional use, including provision for future improvements.

These projects reflect the Shire's ongoing commitment to preserving and enhancing Cue's historic buildings, supporting community, economic, and tourism outcomes through best practice heritage conservation.

### **Outback Graves WA – Cue Pioneer Cemetery**

Volunteers from Outback Graves WA successfully installed plaques at the Pioneer Cemetery on Wednesday, 27 May 2026, marking an important milestone in the preservation and recognition of the site's history.

The completed works have greatly enhanced the presentation of the Pioneer Cemetery. As the precise locations of many individual graves are unknown, the plaques have been arranged in a single row and now serve as a meaningful tribute, ensuring that those previously unmarked are now recognised and remembered by name.

The project not only enhances the visual presentation of the cemetery, but also serves as an important act of remembrance, honouring the lives and contributions of early residents in the region. It is a significant achievement for the community, and a testament to the value placed on preserving local history for future generations.

### **Roadworks – Beringarra-Cue Road**

Our Roadworks Crew have commenced shoulder maintenance work on the Beringarra–Cue Road as part of the Shire's ongoing program to maintain and enhance the safety and condition of our road network. These works will be followed by profiling, stabilising and patching repairs to sections of the road where required, ensuring a more durable and reliable surface for all road users.

This project is funded under the Federal Government's Roads to Recovery Program, which supports vital infrastructure improvements across regional areas. Funding has been allocated to upgrade the first 13 kilometres of Beringarra–Cue Road, extending to the Big Bell turnoff.

## **A Busy Month for the Shire**

June has been another productive month for the Shire of Cue, with a range of activities highlighting the importance of community partnerships, strategic planning, emergency preparedness and community and youth engagement. The following is a snapshot of some of the key events and initiatives undertaken throughout the month.

### **Cue Aerodrome Emergency Exercise**

On Monday 8 June 2026, the Shire of Cue hosted a mock live emergency exercise at the Cue Aerodrome, facilitated by Aerodrome Management Services and partially funded by an AWARE Disaster Resilience Grant. The exercise involved 47 personnel representing St John Ambulance WA, WA Police, Westgold Resources, Cue Volunteer Fire Brigade, National Jet Express and Shire of Cue staff.

The exercise provided a valuable opportunity to test emergency response procedures, strengthen communication between agencies and ensure all participants understood their roles in responding to a major incident. The successful exercise demonstrated the strong working relationships that exist throughout our region and reinforced our collective commitment to community safety.

On behalf of the Shire, I would like to extend our sincere thanks to everyone who participated and contributed to the success of the exercise.

### **Budget Workshop and Planning for the Future**

Councillors and senior staff participated in a budget workshop on Wednesday 10 June 2026 as part of preparations for the 2026/27 financial year. The workshop allowed Council to review priorities, consider future projects and discuss service delivery requirements.

Developing a responsible and sustainable budget is one of Council's most important responsibilities. The workshop provided an opportunity for detailed discussion to ensure the budget reflects community priorities while maintaining sound financial management.

### **Boogie Bingo Brings the Community Together**

Friday 12 June 2026 saw more than 70 people attend Boogie Bingo, enjoying a fantastic evening filled with music, dancing, laughter and plenty of good natured fun.

Community events such as this play an important role in maintaining social connections and creating opportunities for residents and visitors to come together.

A huge thank you goes to everyone who attended and supported the event, as well as the Shire staff who assisted with organising and delivering another successful community event.

### **WALGA Local Government Awards**

Shire President Les Price and I attended the WALGA Local Government Awards in Perth on Friday 12 June 2026.

The evening celebrates excellence and service across local government in Western Australia. A particular highlight was seeing Shire President Beth Walton from the Shire of Sandstone receive a WALGA Life Membership. President Beth Walton was first elected to Council in 1997 and has dedicated nearly three decades of service to her community.

This prestigious recognition is thoroughly deserved and reflects the important contribution local government representatives make in supporting regional communities.

## **Public Health Plan Adopted**

At the Ordinary Council Meeting held on 16 June 2026, Council considered the Shire of Cue Public Health Plan.

This important document has been developed through community engagement, consultation and analysis of local health priorities. The plan provides a framework to support and improve community wellbeing into the future.

Council thanks everyone who contributed feedback during the development of the plan. Community input has been invaluable in helping identify priorities and actions that reflect local needs and aspirations.

## **Cue Youth Centre**

A lively community basketball game, held in conjunction with Carey Right Track, took place on Wednesday 24 June 2026 at the Cue Basketball Courts and brought together a mix of local families, young people, and community partners.

The event drew a crowd of around 40 people, including both children and adults, with strong support from the Cue WA Police and Cue Primary School who joined in the activities and engaged with local youth throughout the afternoon.

The real stars of the day were the Cue Youth, who showed great energy, teamwork, and sportsmanship on the court. Events like this highlight the importance of providing opportunities for young people to come together, stay active, and build positive relationships within the community.

Following the game, everyone enjoyed a delicious barbecue generously donated by Westgold Resources. The shared meal rounded out the event perfectly, giving families and young people time to socialise and celebrate a fun afternoon of community spirit.

## **Looking Ahead**

As we move into the second half of the year, the Shire remains committed to delivering quality services, maintaining and improving infrastructure, supporting economic development and enhancing community wellbeing.

June has demonstrated the strength of our volunteers, community groups, emergency services personnel, Councillors, staff and residents. Thank you to everyone who continues to contribute to making Cue a vibrant, resilient and welcoming community.

## **Community Reminders**

Dog and cat owners are reminded of their obligations to keep their pets contained within the boundaries of their property. Pets must be on a leash while walking. Please be considerate of others as it can be quite confronting to be approached by an unknown dog while out walking. The Shire Ranger visits the area frequently and will take action against unrestrained pets in public places. This may result in a financial penalty to the owner. The only authorised area within the townsite where dogs are permitted to be exercised off leash is the town oval. It is your responsibility to control and look after your pets.

Mosquito fogging operations may be undertaken when weather conditions allow. Residents are asked to check their properties and remove any potential mosquito breeding areas, by emptying containers holding water, ensuring gutters are not holding water and checking yards for areas that hold water.

## **Upcoming Events 2026**

- **5 - 12 July** - Naidoc Week (Event being held at the Youth Centre Precinct)
- **Tuesday 18 August** - Wilfrid Gordon McDonald Partridge

**Richard Towell**

**Chief Executive Officer, Shire of Cue**

## **Next Ordinary Council Meeting**

- **Tuesday 21 July 2026 at 6.00pm**

## PUBLIC NOTICE

### Proposal to Impose Differential Rates

In accordance with section 6.36 of the *Local Government Act 1995* notice is hereby given that the Shire of Cue proposes to differentially rate mining tenements and pastoral holdings in those areas in which unimproved property values apply and residential, commercial and transient mining camps in those areas in which gross rental values apply.

Differential rates and minimum payments proposed for the 2026/2027 financial year are as follows:

Rate Type	Rate in \$ (Cents)	Category	Minimum \$
GRV Residential	0.117416	Gross Rental Value	536.00
GRV Commercial	0.117416	Gross Rental Value	536.00
GRV Vacant Land	0.117416	Gross Rental Value	536.00
UV Mining	0.248212	Unimproved Value	536.00
UV Pastoral	0.089123	Unimproved Value	536.00
GRV M & T Workforce	0.177732	Gross Rental Value	536.00

The objectives and reasons for each proposed rate may be inspected at the Shire Office at 73 Austin Street Cue, during normal office hours and can be viewed on Council's website [www.cue.wa.gov.au](http://www.cue.wa.gov.au)

Written submissions are invited from electors and ratepayers regarding the proposed rates or minimum payments. All written submissions should be forwarded to the Shire of Cue – PO Box 84 Cue, WA 6640 by 4.00pm Wednesday 15 July 2026.

Richard Towell  
Chief Executive Officer

# Council News

---

Hi 'Dryblower' Readers.

Another year has come and gone so quickly but, in saying that, a lot has been achieved over that time. We approach the new financial year with a new budget and a renewed energy as the Shire continues with its current program of works and undertake further projects.

Aside from all the usual Local Government activities that occupy our time I would like to make special mention of Felicity and Jason from 'Kaboom Toons'. You may have noticed some changes to the facia of many of the buildings along Austin Street. Felicity has undertaken an extensive amount of historical research of all the early businesses in Cue and surrounding districts while Jason has been busy preparing and drawing up the signs that you see above the buildings in the main street. Cue is rich in history, and the Shire wants to preserve that history, and these signs go a long way to remind us that Cue was once a vibrant town of around 10,000 people.

June was another busy month at both the Cue Shire level as well as at the Western Australian Local Government Association ('WALGA') level.

WALGA held its bi-monthly Information Forum on 3 June 2026. The focus of the Forum was to discuss and review the 2026/2027 Draft Budget and to consider Local Government skills within the sector. One of the concerns of Local Governments across the State is staff retention and finding the right staff who have the skills required to undertake a role in Local Government. Then there is the question of where to house Shire staff.

Public Skills Australia (PSA) are one of ten Job Skills Councils (JSCs) that work with their industry sectors to identify current workforce challenges or potential skills shortages. WALGA has teamed up with PSA to look closely at staffing and skills within Local Government. Several workshops were held across the State along with a survey to identify issues.

Objective of the Survey was to:

- identify the occupations and skills currently present within Local Government;
- highlight gaps; and
- support Local Governments in strengthening workforce pipelines to meet future needs.

The Shire held its monthly Forum in Council Chambers on 9 June 2026. The CEO provided an update on the various activities with the Shire, in particular progress on the Masonic Lodge and Bell's Emporium developments.

The CEO advised the Forum that 'Volunteers from Outback Graves WA successfully installed plaques at the Pioneer Cemetery on Wednesday, 27 May 2026, marking an important milestone in the preservation and recognition of the site's history.'

The Forum was advised that work on 26/27FY budget has commenced and work on Public Health Plan was being undertaken. It is now a requirement that all Local Governments have a Public Health Plan in place. Once formulated and finalised the plan will be available on the Shire's website.

Steve Page, Acting Works Manager delivered a report of the works programs being undertaken in the Shire. This included the Road Crew, Town Crew and Carpenter Works. Steve is acting in the role of Works Manager while John Curtin ('JC') is currently on Long Service Leave.

On 10 June 2026 I attended the Murchison Regional Vermon Council ('MRVC') Meeting in Mt. Magnet. Now that the vermin fence has been constructed the Council is focused on undertaking regular inspections and conducting maintenance programs.

A Special Meeting of the MRVC was held on Monday 22 June 2026 to elect an independent Audit Committee Chair and a Deputy of the Chair to comply with the requirements Local Government Act. The Council appointed David Lefroy from Sandstone and Cathy Jones from Mt. Magnet to undertake these roles.

WALGA held its annual Local Government Awards on Friday 12 June 2026 at the WA Museum. The awards recognise excellence in Local Government across five (5) categories. The CEO, Mr. Richard Towell, and I attended the event in support of long time Councillor, President and exceptional Sandstone resident, Beth Walton who was presented with the prestigious Life Membership Award of the Western Australian Local Government Association.

Beth has served her community for over thirty (34) years on the Sandstone Shire Council and twenty nine (29) as President, A remarkable achievement! Beth has represented her community in many voluntary roles and dedicated her time to the betterment of Sandstone. Beth also served ten (10) years as President of WALGA's Murchison Country Zone and attended 'Cue Parliament' during that time and is also a Councillor on the Murchison Regional Vermin Council ('MRVC'). Of significance is Beth's focus on developing our region recognising that with a dwindling population base and limited political representation we are better served having a united voice across our six (6) Regional Local Governments in the Murchison.

On behalf of the Cue Shire Council, I congratulate Beth on an award so well deserved. We are all the better for Beth's continuing involvement in Local Government.

Former WALGA President and Morowa Shire President Karen Chappel was awarded the Local Government Medal; the highest honour to be bestowed on an Elected Member. Karen is very supportive of our region and understands the difficulties we face on a daily basis. The significance of this award is that it is rarely given. On behalf of the Council, I congratulate Karen on here achievements in Local Government over some 21 years and for the outstanding service she delivered to regional and remote Local Governments across WA.

I attended WALGA's Selection Committee Meeting on 15 June 2026 where the team considered nominations for two roles:-

1. Local Government House Trust (LGHT) Board of Management for Metropolitan and Country Constituency Representatives.
2. Local Health Authorities Analytical Committee (LHAAC) seeking a Metropolitan Member.

WALGA is responsible for selecting suitably qualified metropolitan and regional elected members and Local Government Officers to Boards and Committees across 48 strategic categories that impact our Local Government sector. The responsibility for recommendations falls to the Selection Committee and ultimate endorsement by State Council. Elected Members and Local Government Officers are encouraged to Nominate for a role and bring their skills and experience to the Boards or Committees they are interested in.

On 16 June 2026 Council held its monthly Ordinary Meeting. The main matters for determination included:-

- 1) *Audit, Risk and Improvement Committee* - appointment of an independent Deputy of the Presiding Member. Council has appointed independent members, Mr. David Price and former President Mr. Stephen Manning. Both members are very experienced in Local Government matters and their input into this Committee will be invaluable as our Council continues to strive for audit excellence.
- 2) Council adopted the Shire Of Cue draft *Public Health Plan 2026-2031*. Under new Local Government rules all Councils are required to have a Public Health Plan. Once adopted by council the final plan will be available on the Shire Website.
- 3) Council also considered *Differential Rates* and approved the advertising for the proposal to apply differential rates and minimum payments in the 2026-2027 financial year. The Local Government Act 1995 requires that local public notice be given before imposing any differential general rates or minimum payments. Electors and ratepayers are invited to lodge a submission in respect of the proposed rates and minimum payments within twenty one (21) days of the notice being published and the local government is to consider any submissions received before imposing the proposed rates and minimum payments.

Please refer to the Shire's website if you would like to find out more about differential rating including the Objectives and Reasons for Proposed Differential Rates and Minimum Payments for the 2026-2027 Financial Year. Agenda and Minutes are published and available for community and public viewing.

It was that time of the year that the Australian Local Government Association ('ALGA') held its annual National General Assembly. CEO, Mr. Richard Towell and I attended the Assembly which was held in Canberra from 22 June 2026 to 26 June 2026. The membership of ALGA is comprised on the President and Deputy President of each State and Territory Local Government Association. The Assembly was attended by representatives from the 537 Local Governments across Australia.

The Assembly opened by the Governor General Sam Mostyn AO and followed by presentations from various Ministers of Government and Shadow Ministers.

I am not sure the recent Federal Budget will solve the current serious housing crisis, but the mood of the Assembly was clearly focused on the critical shortage of housing and funding. We in Cue have the same concerns as most other Local Governments when it comes to available land and housing.

Of significance was the resolution by the Assembly to urge the Federal Government to increase Federal Assistance Grants ('FAGS') to 1% of Gross Domestic Product, a level that Governments of all persuasions have rejected for many years. FAGS grants are a significant factor in the composition of Shire Revenue and a national increase to 1% would go a long way to improving the finances of all Local Governments. Somehow, the Federal Government is unlikely to agree to any increase in FAGS since this would have a significant impact on Federal finances.

At both the State and Federal level it is of concern that Local Government is being asked to carry the financial burden of delivering what are essentially some State and Federal services. Some areas include aged care, homelessness, medical and related services. The rate base of Regional and Remote Local Governments is critically low and any cost push by State and Federal Governments only adds to the burden Local Governments and their ratepayers have to endure.

The Assembly held both a Regional and Urban Forum where presenters provided attendees with their thoughts on where will be as a nation over the next forty (40) to fifty (50) years. With a changing political landscape, an evolving demographic, the ultimate retirement from the workforce of the Baby Boomer generation and the impact of a significant increase in immigration, we are likely to be in for some tough times ahead with some hard decisions to make. In particular, it was noted that the current younger generation are unlikely to be able to afford to own a home.

At the same time the rental market across the country is at a premium with no respite in sight. Although I am not an economist it would also appear that changes to Capital Gains Tax and Negative Gearing announced in the Federal Budget will impact small business and deter investment. Preventing young investors from profiting from the Stock Market with changes to Capital Gains will further dissuade investors from getting ahead and only add to the financial burden when seeking to purchase a house.

It was clearly apparent from the Assembly that all local Governments could do with an increase in Commonwealth funding to enable them to carry on with their current development programs and plan for the future.

Events like the ALGA National General Assembly provide an opportunity for Local Governments across Australia to engage with their colleagues, counterparts, Ministers and decision makers on a range of issues that are more pressing now than in previous years.

That's about it for this month. Readers, as usual, I welcome your views on any matter you consider important and am open to hearing any suggestions you might like to see in my monthly 'Dryblower' article. It is important you are aware of the constant flow of activity that comes with running a Council and our interactions with organisations like ALGA, WALGA, where we are represented at the State and Federal level of Government and not forgetting our immediate Shire neighbours. It is essential we work together as a community for the betterment of the town, you as residents and those visitors who stay in or simply pass through Cue.

Please feel free to contact myself or any of the other Councillors if you have a matter you need to bring to the attention of Council and the Administration. Council is always looking to the community to provide input into the future direction of our town.

***A further reminder to consider the design of a new entry statement for Cue....it's time to update and your design contribution would be most welcomed!***

Shire President  
Les Price
