Cue CRC Report

Hello Cue,

WOW, I can't believe October is over and November is here already. This year has flown by and soon it's going to be Christmas then another year begins. I really can't believe 2027 is just around the corner.

OCTOBER Events:

A few ladies came in for Craft Group on Wednesday's during October.

NOVEMBER Events:

Twilight Markets with Geoff Udy on the 7th November – if you would like a stall for the event, please let us know at the Cue CRC.
Cue CRC AGM will be occurring on the 16th November.

DECEMBER:

We are closing for the Christmas/New Year break this year. We will be closing on the 17th at 12.00pm and reopening on Tuesday 5th January.

NEW STOCK IS IN STORE AND ON THE WAY!

We've been busy behind the scenes ordering some new items for the shop, and we can't wait to share them with you! We try to order stock that people ask for, so if there's something you're interested in, please let us know and we'll see what we can do.

We've also started to put together some Gift Bags, which would be great for birthdays, Christmas or just because. We're putting about $30 worth of stock in the bags but charging a little less so you are getting a bargain.

We've ordered some products for men which we hope everyone likes there are watch/wallet sets, beard grooming sets and general grooming sets too. We are looking to get a larger range of men's items in store in the coming months so please if you have any ideas, please let us know.

With Christmas fast approaching, it's also a great time to start thinking about those Christmas gifts. Whether you need a little something for a friend, a stocking filler, a teacher's gift or a special present, we'll have plenty of affordable gift ideas to choose from. Shop local this Christmas and support your local community resource centre.

Keep an eye out for our new stock as it arrives!

CUE CRC JOB OPPORTUNITIES:

Two job vacancies: the positions are both customer service/retail with some light cleaning, event planning. With the customer service you will have to deal with the day-to-day visitors, assisting customers with visitor information, copying and scanning documents, answering phones – anything customer service related. The Retail part would include stocking shelves, stock enquiries, sales working the POS system and EFTPOS.

If you are interested, please contact the Cue CRC or drop in to get a job description or to just discuss the positions available.

DPIRD CRC Conference:

In October Cath Willett the Cue CRC Chair and I went to the CRC Conference which was hosted by Department of Primary Industries and Regional Development (DPIRD).

There were some fantastic speakers at the event, and most were very motivational. There were some brilliant speakers at the conference, but my two favourites were Jason Clarke and Tara Whitney.

The first speaker Jason Clarke from Minds at Work was fantastic and very motivational talking about ideas and how to solve almost any problem.

Then Tara Whitney from Whitney Consulting talking about using AI to assist in writing your grant or tender applications.

It was also good to see that there was at least one representative from every CRC in Western Australia and most CRCs sent two representatives. I met a lot of new people and met with some of the CRC managers I have met from previous events/conferences.

Again, whilst I was away from the office the Shire of Cue let me borrow Steph to manage the CRC for us. I really appreciate the help the Shire has given me over the last couple of months while I have been away from the office for conferences.

We are Hiring

The Cue CRC is seeking to recruit 2 new staff members who will work mainly in customer service and retail with some light cleaning where required.
Hours will vary from 10 to 40+ hours per fortnight.
Some Saturday work will be required.

CUSTOMER SERVICE DUTIES INCLUDE:

- **Answering phones**
- **Welcoming visitors**
- **Giving tourist information to visitors**
- **Handling customer enquiries**
- **Copying & scanning documents**
- **Assist with the publication of The Dryblower**
- **Event planning/assistance**

RETAIL DUTIES INCLUDE:

- **Customer queries about stock items**
- **Stocking shelves**
- **Sales**
- **Use of POS system**
- **Use of EFTPOS**

The positions will not start until 1st February 2027.
Applications close on 15th December 2026.

Please email a copy of your resume to the CRC on info@cuecrc.net.au or pop into the CRC to see Julie.

From the CEO

Tidy Towns Awards

I am pleased to share that Cue has been named a finalist in two categories of the 2026 Tidy Towns Sustainable Communities Awards, following the recent announcement by Environment Minister Matthew Swinbourn.

Our Campfire on Country: Connection, Culture and Community Wellbeing initiative has been recognised in the Community Action and Wellbeing category, while the Cue–Westgold Water Reclamation Partnership is a finalist in the Environmental Sustainability category. The winners will be announced at the State Awards ceremony in Perth on 27 November.

Austin Street Mural

A new mural commissioned by the Shire and produced by Kaboom Toonz has recently been installed along Austin Street, recognising three important figures in Cue's early history.

The mural acknowledges Governor, a local Aboriginal man whose knowledge of the area helped lead Michael Fitzgerald to the discovery of gold at Kintore Blow in 1892. It also recognises Fitzgerald and his partner Tom Cue, who travelled to Nannine to register the gold claim and whose name would eventually be given to the town.

Fair Game Visits Cue Youth Centre

The Cue Youth Centre recently welcomed Fair Game for a series of incursions, providing local children with a range of sporting activities, games and opportunities to learn new skills.

The sessions encouraged participation, teamwork and physical activity in a fun and inclusive environment. Programs such as these are particularly valuable in regional communities, providing opportunities for our young people to engage with visiting organisations and experience different activities.

We thank Fair Game for their support of our young people and look forward to further opportunities to work together.

Night Fields Football with Stephen Michael Foundation
The Stephen Michael Foundation will be delivering fortnightly Night Fields football training sessions in Cue, proudly supported by Westgold.
The sessions will provide local youth with regular opportunities to develop their football skills, stay active and enjoy being part of a team. Beyond football, the program encourages teamwork, confidence and positive social connections, providing another opportunity for our young people to come together outside of school hours.

Halloween – Culture After Dusk
Our Halloween Disco, *Culture After Dusk*, was a great success, bringing local children together for an evening of fun, costumes, music and activities.
The event was made possible through funding from the Children's Week Community Grants Program, coordinated by Meerilinga, together with the generous support of Cue Primary School and Westgold.

Residential Fire
On Friday 9 October 2026, a fire broke out at a residential property in Cue. The fire very quickly engulfed the residence, resulting in a complete loss of the home. The initial response was led by Harry and the Cue VFRS, assisted by community members, including Shire staff and elected members, who helped wherever possible until additional firefighting resources arrived.

Westgold emergency response personnel arrived shortly after, providing much-needed additional firefighting capacity. A second Westgold fire unit subsequently established itself on the Chesson Street side of the property, concentrating its efforts on protecting the gazebo and shed from the advancing fire. a firefighting unit from the Mount Magnet VFRS also attended to assist with controlling the house fire.

Our sincere appreciation goes to Harry and the Cue VFRS, the Westgold emergency response teams, Mount Magnet VFRS, Horizon Power contractors and the many community members who assisted throughout the evening.

We also acknowledge the assistance of Shire staff and elected members who attended the scene, the community members who helped establish water supplies and Peter Lacy for providing a lighting tower to support the emergency response.

With the fire season now upon us, this incident serves as a timely and confronting reminder of how quickly a fire can develop and the importance of preparing our properties.

Residents are strongly encouraged to inspect their properties and remove potential fire hazards, including dry grass, accumulated vegetation, rubbish and combustible materials such as used tyres, old gas bottles and other flammable items.

In a small, remote community such as Cue, incidents of this nature highlight both the challenges of emergency response and the extraordinary value of people looking out for one another.
To everyone who assisted, whether by fighting the fire, laying hoses, providing equipment, preparing food, offering accommodation or simply keeping the area clear for emergency responders, thank you.

Recycling Services in Cue
I recently met with the Area Manager for Return-It, that currently operates the recycling services in Cue. They are undertaking some upgrades to the services and have now installed a Drop & Go container at the Roadhouse. In addition, they have also provided a supply of collection bags that are available from the Shire administration. The container displays instructions on how the system works to receive your 10-cent refund on containers through the Drop & Go system.
The organisation also operates a platform called Recollect, which provides a collection service from your home or workplace. This method attracts a service fee of 3 cents per container, with customers receiving 7 cents per eligible container. Collections are currently operating fortnightly, and this is expected to become weekly going into the hotter months.

Murdoch University "On the Road Veterinary Program"
The Murdoch University Vet Program attended Cue on Thursday 8 October 2026. Students from the University provided free pet checks and sterilisation under the guidance of a senior veterinarian. Other services included microchipping and vaccinations. A big thank you to our community for supporting the program, Murdoch University, Canine Control and Shire staff for making this a success.

Roadworks and Maintenance
Resheeting works is currently underway on Kalli Road. This is a timely reminder to everyone travelling on roads in the Shire to please drive to conditions, slow down and observe any traffic management directions. For up-to-date road conditions, please check our website for the latest information www.cue.wa.gov.au/roadreport/.

Remembrance Day Service
The Shire will be holding a short Remembrance Day Service on Wednesday 11 November 2026 commencing at 10.45am. It will be held at Arthur Stanley Gurney Park, Austin St Cue (next to the Shire Admin Building).

Verge Collection
The summer months are a time of storms and cyclones. Residents are reminded to clean up and remove any unwanted or loose items from their property that could cause damage in a storm. The Shire will be conducting verge collections for heavy and large items between 30 November and 4 December.

WA Seniors Week
WA Seniors Week runs from 8 to 15 November to recognise the important role that seniors play in our community and acknowledge the contributions of older Western Australians. On Tuesday 10 November at 10:30am we will celebrate Seniors Week with a morning tea at the Cue Community Resource Centre. Bookings are appreciated for catering purposes by contacting Tracy at the Shire office. Please let us know if you require assistance to attend the event.

Australia Day 2027
Preparations are underway for Australia Day 2027, and it will be another spectacular event with live music and fireworks. We were successful in obtaining grant funding again this year through National Australia Day Council. More details will be provided closer to the event.

Community Reminders

- **Dog Owners:** Please ensure dogs are contained within your property or on a leash in public. The town oval is the only designated off-leash area. The Shire Ranger will take action against unrestrained dogs.
- **Mosquito Fogging:** Will occur intermittently at dusk or early morning when conditions are suitable.

Upcoming Events

- Wednesday 11 November: Remembrance Day Service
- Tuesday 10 November: Seniors Week Morning Tea
- Friday 27 November: Tidy Towns Award Ceremony
- Thursday 3 December: Volunteers night
- Saturday 5 December: Town Christmas Party
- Friday 11 December: Elected Members and Staff Christmas Party
- Friday 18 December: Shire Christmas Closure opening Tuesday 5 January 2027

BUSH FIRES ACT1954

Firebreaks Order

To all owners and occupiers of land in the Shire of Cue

Pursuant to the powers contained in section 33 of the Bush Fires Act 1954, all owners and occupiers of land are required on or before 1 October, to clear firebreaks and remove inflammable material from the land owned or occupied by you as specified hereunder and to have the land and firebreaks clear of all inflammable material from 1st October up to and including the 30th April of the following year.

Inflammable materials defined for the purpose of this order to include bush (as defined in the Bush Fire Act), boxes, cartons, paper and like flammable materials, rubbish and also combustible matter, but does not include green standing trees or growing bushes or plants in gardens or lawns.

1. Land Outside of Cue Townsite

Firebreaks must be cleared at least three metres in width, completely surrounding and not more than twenty metres from the perimeter of any building or group of buildings. All flammable material must also be removed from an area three metres in width immediately surrounding the buildings. This includes pastoral homesteads, sheds and any other infrastructure associated with pastoral activities. This notice also applies to mining owners of pastoral properties.

2. Fuel Dumps (Fuel Storage)

On all land where fuel drum ramps are located and where fuel dumps, whether containing fuel or not are stored, clear and maintain an additional firebreak at least four metres wide around any drum, ramp or stack of drums.

3. Land in Cue Townsite

All owners and/or occupiers of all townsite land within the district shall, prior to the commencement of the firebreak period or within 14 days of becoming the owner/occupier should this occur within the firebreak period, establish and thereafter maintain during the firebreak period-

i. On land less than 1,020m^2 in area - be completely cleared of all inflammable material;

ii. On land more than 1,020m^2 in area, hazard reduced by either:
- mowing or slashing to a height not greater than 150mm, or
- comply with the requirements for land outside Cue townsite;

4. Camping and Cooking Fires

A fire may be lit for the purposes of camping and cooking, provided such a fire is no closer than three (3) metres to a log or stump, and an area three (3) metres wide surrounding the fire is left completely free of all bush and other flammable material. It must not be left at any time and completely extinguished before the user leaves it. The lighting of a fire on a day of "extreme" or "very high" fire danger is prohibited unless the approval of the Council in writing is received. If in any doubt of the legality of lighting a camp or cooking fire, check with the Cue Shire Office.

5. General Provisions

a) If it is considered for any reason to be impractical to clear firebreaks or remove inflammable material as required by this notice, you may apply to the Council or its duly authorised officer not later than 1st October for permission to provide firebreaks in alternative positions or take alternative action to remove or abate any fire hazard. If permission is not granted by this Council or it's duly authorised officer you shall comply with the requirements of this notice.

b) The penalty for non-compliance with this notice is a maximum of $5,000 and notwithstanding prosecution; the Shire of Cue may enter on the land and carry out the requisite works at the owner/occupiers expense.

c) Where townsite owners/occupiers are themselves unable to provide firebreaks, or fail to clear firebreaks as required by this notice, the work may be carried out by the Shire of Cue and the cost of the work will be a debt due from the owner or occupier of the land.

d) If the requirements of this notice are carried out by burning, such burning shall comply with the relevant provisions of the Bush Fires Act.

6. Burning Periods

a) Restricted burning period -1st October to 30th April following.
b) Prohibited burning period -15th December to 31st March following.
c) Firebreaks should be maintained for the whole of the restricted period.

Council News

Hi 'Dryblower' Readers.

Cue Shire Council has been very active over the last month and with only 7 weeks until Christmas there is still much to do before the year winds down. The same can be said for the Western Australian Local Government Association ('WALGA') where President Mark Irwin and CEO Nick Sloan have been leading the organisation and engaging with the WA State Government at multiple levels and making sure our collective voices are heard.

This month saw several matters from WALGA which required State Council decisions to be dealt with by way of a Flying Minute. This is a process adopted by WALGA in place of a formal meeting. A Flying Minute (or circular resolution) is a written decision-making process used by the State Council to endorse time-sensitive policy submissions, position papers, or government inquiries outside of regular scheduled meetings. They allow WALGA to respond quickly to tight deadlines set by State or Federal Government inquiries, parliamentary committees, or budget submissions before a formal quarterly State Council meeting can take place.

Recent examples of WALGA Flying Minutes include submissions on:

- Building AI infrastructure that works for Australia Consultation Paper.
- 2027-28 State Budget Submission.

On 12 October I undertook a response to WALGA's State Council Performance Evaluation Survey. This is an annual evaluation by State Councillors of the performance of State Council, it's effectiveness in dealing with the WALGA Administration, the involvement of all of our 12 Country and 5 Metropolitan Zones along with the effectiveness of the Policy Advisory Groups.

The survey is an internal governance tool used by WALGA to evaluate the effectiveness, structure, and decision-making processes of its supreme decision-making body, the State Council.
The survey serves several core purposes to ensure the association effectively represents WA's 139 local governments some of which relate to: -

- *Assessing Governance Effectiveness:* It gathers feedback directly from State Councillors regarding how well the council functions, the quality of information provided for decision-making, and the dynamic of council meetings.
- *Driving Policy and Charter Updates:* The feedback from the survey is directly used to refine WALGA's formal governance rules. For instance, outcomes from the survey are routinely incorporated into reviews and updates of the WALGA Corporate Governance Charter, State Council Standing Orders, and the Elected Member Code of Conduct.
- *Measuring Strategic Alignment:* It helps ensure that the 24 State Councillors (evenly split between metropolitan and country constituencies) are successfully collaborating to drive WALGA's advocacy positions and strategic goals.

Council held its monthly Forum on 13 October. The CEO, Richard Towell provided a briefing on some of the activities and events currently underway within the Shire. Topics included: -

Murdoch University Vet Program which involves a senior veterinarian overseeing vet students from the University carrying out free pet checks and sterilisation as well as microchipping and vaccinations. This is a valuable service that owners of pets should make the most of.

Councillors attended the *Local Government Convention* in September, and the CEO provided the Forum with a brief review of the sessions on offer and outcomes from the Convention. Council encourages Councillors and selected Administration staff to attend, network with elected members and officers from a range of Local Governments across the State.

The CEO informed the Forum that we had showcased our town to the judges for submission in the *Tidy Towns Sustainable Communities Awards 2026*. 43 regional and remote communities have been shortlisted across 10 categories. We have been entered into three categories: -

- General Appearance
- Environmental sustainability
- Community Connection

The Forum provides Councillors with the opportunity to informally share ideas, discuss complex matters and consider future plans and activities outside the constraints of a formal council meeting. The CEO informed the Forum of all upcoming events within the town leading up to Christmas.

The Forum received a Finance Report from the Deputy CEO along with a presentation from the Acting Works Manager on the current activities of the Road and Town Crews.

The Forum also received an update on several projects underway in the town. These included: -

- Landfill Site.
- Masonic Lodge.
- Old Gaol.
- Bell's Emporium.
- 65 Austin St (Main Street Shop).

On 14 October I attended the Murchison Regional Vermon Council ('MRVC') meeting in Mt. Magnet. This is an important Council which has the responsibility of controlling wild dogs within the No.1 and No.2 vermin proof fences over which it has ownership and control.

The Council received the finance report from the CEO. Mr. Geoff Brooks and a fence maintenance report from the fencing contractor engaged by Council. The Council is comprised of representatives from Sandstone, Yalgoo, Mt. Magnet and Cue with each Shire, including Meekatharra making a significant financial contribution to the operational running of the MRVC.

Members also received an update on the *Planning for Data Centres* which is starting to have a significant bearing on some residential and light industrial areas in various Local Government locations.

Data centres are becoming an increasingly significant planning and infrastructure issue across Australia. Growth in cloud computing, digital services and artificial intelligence technologies is driving increased demand for data centre development, resulting in new challenges relating to planning frameworks, strategic industrial land, infrastructure coordination, servicing requirements and community amenity.

A growing number of Local Governments are currently considering how local planning frameworks should respond to data centre proposals in the absence of dedicated State planning guidance. WALGA has prepared a *Planning for Data Centres Consultation Paper* which is currently waiting feedback from Local Governments across the State.

Council held its monthly formal meeting on 20 October. I welcomed new Cr. Peter Lacy who attended his first meeting since being elected on 24 September.

The meeting considered several recommendations with contributions from Councillors during debate. Matters to be determined included: -

- Waiver Of Rates - 8 Simpson St Cue
- Draft Artificial Intelligence Use Policy
- Draft Smart Glasses and Recording Devices Policy
- Council Meeting Dates 2027
- Use Of Day Dawn Townsite for Run-Of-Mine (Rom) Pad
- Appointment Of Representative - Murchison Regional Vermin Council
- Purchase Of Lots 26, 200, 201, Dowley Street and Lot 25 Marshall Street, CUE

Council also received for noting the Accounts and Statements of Account along with the monthly Financial Statements. These reports are closely monitored by Council as approved budget income and expenditure are key components in the overall financial sustainability of the Shire. Fortunately, Council

is well served by our diligent CEO and his staff who provide transparent and thorough reports for Council to consider and approve.

Readers, please feel free to review this and any Council meeting outcomes by accessing the Cue Shire website. The 20 October unconfirmed Minutes can be reviewed from the following link.

https://www.cue.wa.gov.au/council-meetings/ordinary-council-meeting/ordinary-council-meeting-20-october-2026/150/documents/ocm-unconfirmed-minutes-20-october-26.pdf

Council acknowledged the impacts of the devasting fire that destroyed the home of Mal Taylor. Mal was a longtime employee of the Shire. Council offers any support to Mal and his family that may be needed during this difficult time.

Council also extends it thanks to Harry Casey who co-ordinated the Cue and Mt. Magnet Volunteer Fire & Rescue Service along with support from the Emergency Response Team from Westgold Resources Ltd. who were quickly on the scene to assist in protecting houses in the immediate vicinity as well as endeavouring to control the fire.

Volunteers to the Volunteer Fire & Rescue Service are most welcome and I am sure you will find this a rewarding experience.

I attended a Youth Engagement Meeting convened by WALGA CEO Nick Sloan & President Mark Irwin where we discussed the impacts on Local Government, particularly those in the Kimberley, Pilbara, MidWest and Goldfields regions. Readers will be familiar with the media exposure expressing concern over child safety. A lot of this is fuelled by alcohol, drugs, mental health, housing, social disconnection and a lack of action from within higher levels of Government who have the responsibility of protecting children from volatile situations. As a Local Government we have some responsibility to care for our communities across the State.

As WALGA State Councillors we are in a position to advocate to Government for better protection and security of children under our care and to ensure there is positive action put in place to achieve meaningful and lifelong outcomes. We need to recognise and own the problem and help those communities who so desperately need assistance.

On 17 and 24 October Councillors attended a mandatory training workshop. The presentation papers were prepared by WALGA which is a Registered Training Organisation (‘RTO’). The workshop was co-ordinated by The CEO Ricard Towell with assistance from Deputy CEO Lisa Keen, Senior Admin Officer Stephanie Wandek and Ben Andrew.

This was a thorough process of understanding the roles and responsibilities of Councillors, the Administration and the general functions of Local Government and its operations. The workshop was conducted over a full day on each occasion with Councillors now meeting their commitments to formal training.

Please feel free to contact myself or any of the other Councillors if you have a matter you need to bring to the attention of Council and the Administration. Council is always looking to the community to provide input into the future direction of our town.

Cue Halloween Event

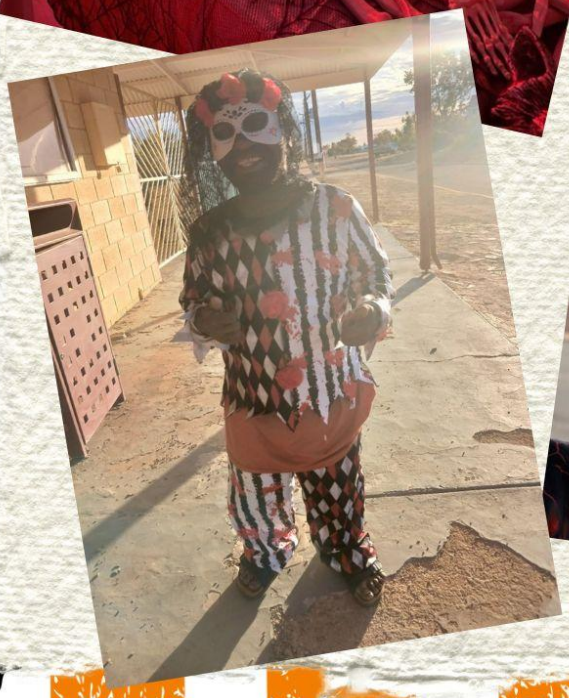

Around 25 local children and their families gathered at Cue Hall for a successful Halloween celebration on 28 October. The event featured games, music, and costumes, creating a fun and engaging evening for participants. Simon says done in language run by Miss Gina was a great fun and a it added a tricky twist for us learning new words.

The fantastic costumes were a highlight of the event, with thanks to Laura from Cue Primary School for helping organise them. Children enthusiastically took part in activities including musical chairs, limbo and Simon Says, while music videos helped create a lively atmosphere.

The event was made possible through the support of staff, volunteers and Cue Primary School. With strong community support and excellent attendance, the Halloween event once again demonstrated the value of bringing local families together.

Looking for

LEGENDS

Do you have a passion for helping others during their time of need? Become a vital part of the **Cue Ambulance Volunteer Team.** They're legends; and we're looking for more of them.

Help make your community stronger and join our team of Ambulance Volunteers today.

St John Volunteer

APPLY ONLINE

Why Volunteer with St John WA?

You'll Join a Supportive Team:
Our ambulance volunteer team is a close-knit group of compassionate individuals who share your commitment to making a difference.

Save Lives:
Provide medical care and transportation to your local community. Your quick response and expertise can make all the difference in saving lives.

Flexible Scheduling:
We understand that your time is valuable, so flexible scheduling options are offered to accommodate your availability.

Learn Valuable Skills:
Our dedicated programs provide you with full training. You will learn essential life-saving skills in an inclusive and friendly environment.

If your interested in supporting your local ambulance service

we'd love to hear from you.

Contact St John Cue on
0437681562 or email cue@stjohnwa.com.au.
